Complaint to the Local Authority (v1)

Dear Sir/ Madam.

I have made a number of complaints to the LA¹ previously that have not been replied to². In response to comments made to me by TH Judge Barnett, I have compiled some of the most pertinent complaints as one document here. The true list is very large due to the extensive negligence and abuse, especially in false reporting made by the LA employees. I have reduced the list considerably here.

An analysis of the emails, already presented to the courts, shows a huge list of requests for honesty, transparency and help from the LA employees. Not one single email was answered. The LA employees do not want to work cooperatively or have traceability; these maverick employees are hiding what is happening and desperately disapproved of a possible judicial review.

What was proven protracted domestic violence by a mum in 2009/2010 and confirmed by social services, two courts, witnesses and media, was then partly confused by a rewrite of the history by the social workers at Ellesmere Port Social Services. Social workers not only tried to hide the abuses and re write the history, they then assisted the assailant to cover her trail and further victimise the victims starting in July 2010 and up to the current date. The LA has allowed its employees to hide domestic violence and propagate harassment of the victims.

The first social workers 2009/2010 were decent professional people who set about helping a distressed family in need. After Mrs Dobbie assaulted her toddler son and lied³ about an assault on herself to the police et al, the second set of social workers got involved and set about a malicious program of promoting falsely that 'dad is bad' and 'mum is good'.

The root of any confusion is contributed by Mrs Dobbie's initial lies, the initial police negligence⁴, Mrs Dobbie's ongoing lies and faked compliance⁵ on paper, combined with a very strong prejudice⁶ by the social workers to believe her and dislike any man they falsely believe has been violent. If the social workers had investigated thoroughly and not been so enthusiastic to propagate Mrs Dobbie's version of things there would not have been two years of upset for the children amongst other things.

¹ This document uses LA for Local Authority meaning Cheshire West and Chester County Council.

² There were numerous complaints which escalated as a result of the LA not replying. One formal reply was made by the LA in 2009 telling me not to inform them of the children's distresses (contrary to legal requirements). A second formal response was received on 7th Dec 2011 to complaints made on 17th Dec 2010. The second formal response was reported back to the LA as unsatisfactory and a response to that is still outstanding. LGO were informed but insisted the complaints were put into the LA for a second round before they could become involved.

³ The two criminal courts in Chester found she had lied about the situation. Both courts saw the father as going to the rescue of the toddler. Both courts saw Mrs Dobbie initiate a substantial assault on Mr Dobbie. The magistrates court thought Mr Dobbie had over retaliated after being assaulted. The higher court found there was no evidence of over retaliation. The main point is both courts found she had lied and had assaulted her toddler son and Mr Dobbie.

⁴ With IPCC currently.

⁵ Mrs Dobbie was reported as very compliant by social workers while she was actually causing abuses to the children as reported by CAF/CASS and others.

⁶ The LA has demonstrated prejudice as have individual social workers.

The ability of the social workers to maintain their position of untruthfulness is based mainly on the abuse of authority⁷ and things being kept secret by the abuse of laws designed to protect children's interests.

It is demonstrable that this situation is serious and involves:-

- the continuous attempt to hide mum's domestic violence and abuses,
- the continuous attempt to propagate mum's version of an alleged assault,
- the covering up of a serious sexual assault,
- emotional abuse of the children,
- malicious harassment of Mr Dobbie,
- emotional abuse of Mr Dobbie,
- the violation of the children and Mr Dobbie's human rights,
- destruction of Mr Dobbie's property,
- perjury to numerous courts by Mrs Dobbie and social workers.

The social workers reports contain so much hearsay and so little fact that they warrant an entire book on forensic analysis of the subject. An expert in writing children's case reports reported that these reports as being exceptionally bad. These outstandingly unprofessional reports must be given to Ofsted to see what utter nonsense is being written by social workers and being accepted by the LA.

Prejudice against men has been clearly demonstrated by the LA in general⁸, and is demonstrated against the father involved (me) quite blatantly by individual social workers. The reports are used to cover up mum's history as well as ongoing events. The reports accentuate 'mum is good' and paint as unsavoury a picture of dad through mal reporting and implied stereotyping⁹.

This list in this document is far from exhaustive. Separate subsets have been created in an attempt to keep the focus with various parties, with the whole being for the police and future legal use.

To prevent further confusion over documents, I have attached a few relevant documents inside this PDF. These are - the email from Mrs Dobbie, the Graham Dean statement, extracts from the original social services report (PDF copy too big), Mr Dobbie diary entries referred to by Jean Davies and Caroline Harley, the transcript from the Aurora blogs, extract from CAFCASS rfj report, extracts from Dr Alwin report.

I am a consultant physicist who has lectured at NASA and worked in military and civil projects with an extensive history running at CEO and director level on a global basis. Contract work undertaken by me has included high level forensic auditing of complex processes. As such, I am used to working inside operations that are at a high level of professionalism and have quality assurance at a very high level.

Every version of any documents that I write has a unique reference and revision declared. The latest version of this document is v1 and can be seen from the title at the top. All previous document revisions in this 'Complaint to LA' are overridden by this current document.

Yours Faithfully,

Tom Dobbie,

Great Sutton,
Ellesmere Port,
Cheshire, CH66 2GL .

⁷ The LA has taken me to court on numerous occasions to try and force me to say that Mrs Dobbie was not violent and abusive, contrary to the original social services report, criminal court summings, witness's and evidence.

⁸ See the photographs of domestic violence posters shown by the LA in various locations. All cite men only as responsible for domestic violence. Also the conversations with the social workers ref [CLAI](#)

⁹ e.g. Andrea Blears reports 'dad talks to women on the internet'. How does she know if such a situation exists or not ? She cannot corroborate her statement in any way. This is simply a malicious comment.

List of individual complaints and the referencing to the history

Note: The complaints run CUMMULATIVELY. Each person at the next point in time is working on the premise that the social workers previously have told the truth only. They are all professionally negligent of not checking the full history. They are negligent of not seeing contradictions between professionals and not investigating why these contradictions exist. They are negligent of contradicting themselves between reports. They are negligent of not checking readily available evidence from reports, courts, barristers and witnesses.

	contributed to allow ongoing abuse of the children at huge expense to the tax payer. Current estimates run at around £500,000 so far.	
CLA7	The LA social workers since July 2010 have clearly alienated dad and aligned themselves with Mrs Dobbie. This is not in line with the children's act 1989 which puts the children as the priority. The LA is professionally negligent of breaking the children's act 1989. Ref TimeLine Document , ref Emails , ref B25.2 , ref B25.2.1 .

CLA9	The LA allows its social workers to repeatedly act in suppressing the reported assaults on the children and the assault created by mum on Orion Dobbie and Mr Dobbie which two courts agreed upon as part of 'bad character evidence'. All reports and refusal of judicial review .	
CLA10	It cannot be explained by simple negligence that the LA employees have managed to avoid seeing and acting on a huge list of proven blatant lies told by Mrs Dobbie. ref L It can only be explained by malice. They knew these were lies, and proof of the lies were easily identified e.g. contradiction between Mrs Dobbie reporting to social workers and CAFCASS reporting. Helen Jones, when challenged on this issue replied 'well you can't trust what CAFCASS reported' 'Aurora is a liar'. ref CH14

CD4	Dana is negligent of recognising that she is questioning Aurora in an environment that prevents her from criticising her mother. Ref CH report .	
CD5	Dana is negligent of creating a report that does not recognise serious contradictions between Mrs Dobbie's version of events and supporting information from previous social services and other documents. This is the start of confusion towards the 'dad is bad' and 'mum is good' campaign that social services then run heavy handed with for over two years.

CH3	Helen Jones reports Mrs Dobbie's malicious allegations without proof as part of her campaign of 'dad is bad'. ref B5.2.	
CH4	CH4. Mrs Dobbie is screaming and shouting at Aurora and Orion and assaults Aurora. Helen Jones reports the situation wrongly and blames 'dad is bad' after Mrs Dobbie assaults her child Ref B18.4 CH4.1. Helen Jones is professionally negligent to have allowed this to be recorded by Mrs Dobbie and social services as 'nothing'. see B19 and especially B19.1	
CH5	Helen Jones emotionally abuses Aurora causing her to have a fit. Ref 18.4.1.	
CH6	Orion was reported to have been assaulted by Ken Redman. To this day, nobody has investigated it. Aurora told me it happened as did Orion. Helen Jones is professionally negligent of not having a reported assault on a child she is responsible for investigated. see B20	
CH7	Helen Jones punishes dad for mum assaulting her child and uses the incident to promote 'dad is bad' and tries to cover mum's assault on Aurora as being acceptable. Ref B19 ref Aurora	
CH8	Helen Jones having isolated the children from dad does not respond to requests for contact by email. various emails.	
CH9	Helen Jones fails to report mum is physically fighting with the children and breaks expensive computer equipment. Ref B18.3 Ref Aurora , ref Emails	
CH10	Helen Jones has Aurora screaming at her and running away from her and fails to report it, both at the contact centre and at mum's home. ref emails regarding contact. ref Aurora	
CH11	Helen Jones signs a sworn affidavit and participates maliciously to have Mr Dobbie served with imprisonment documents by the LA Ref LA docs Helen Jones is professionally negligent. If she had read all of the documents concerned, it was clear there was no breach of the order. . See B8	
CH12	Helen Jones is professionally negligent of promoting Mrs Dobbie based on what she says at face value, and yet at odds with reports showing differently. ref CAFCASS et al. ref L	
CH13	Helen Jones professional negligence allowed the children to be taken into custody based on perjury see B15.	
CH14	When I asked Helen Jones about Mrs Dobbie and her friends bad mouthing dad – as reported under oath by Alan Rawlinson at Liverpool, Helen Jones tells me 'It's just Aurora lying again'. Helen Jones is professionally negligent of believing everything other than what she says is false. Ref TWD	
CH15	Aurora has always written, drawn and recorded herself on tape machines and video recorders. She has done lots of media as cathartic activities regarding all the violence and emotional abuse she has experienced from mum, Ken and the social workers. When blogs were discovered and I took them to the court, the knee jerk reaction of social services was to say Aurora is a liar. Helen Jones priority was not to investigate the abuses of children in her care, it was to hide the evidence and call Aurora a liar –yet again.

	The social worker did not want the statements investigated as part of a Judicial review. The social worker was more interested to promote 'dad is bad' & 'mum is good'. Helen Jones is professionally negligent of not putting the children first. See B21.	
CH15	Helen Jones is professionally negligent of recommending to a court to put the children into the custody of a mother who has been violent and abusive to the children, carried out a protracted emotional abuse campaign, lied repeatedly for two years, allowed her daughter to be raped, carried out a malicious campaign on a grand scale to destroy the very financial security of the children and is seen as a significant risk to the children's well being by the psychologists report. See B6	
	This list is not exhausted, but we are finite creatures.	
Suggestions.		
S1.	Please reform the social services function at Ellesmere Port. What these maverick social workers have done to my children and me is dreadful. Given they are doing this to my family, then they are certainly injected chaos and distress into the local community under a blanket of mal applied secrecy.	

Background.

Note On Supposed Irrational Behaviour.

One of the reasons that social workers have managed to keep this mess going for over two years has been the fact that they have been working from false premises and have created a huge amount of wrong statements both negligently and deliberately¹⁰. Their reports are filled with hearsay and little factual content other than dates of meetings. [Ref Expert Analysis.](#)

When LA social workers first became involved in 2009, they behaved in a manner conducive to helping a distressed family. After Mrs Dobbie assaulted her son and lied about being assaulted herself, the LA social services showed the attributes of a man hating monster abusing its powers to help the 'poor woman'.

Against abusive employees in an authority, the only defence¹¹ is to switch on as many lights as possible and hope that either they behave properly, or the good people in authority come and help.

The specific LA social workers at Ellesmere Port involved after July 2010 have been professionally negligent on a scale that I personally find bewildering. They have been allowed

¹⁰ The social workers have been shown that Mrs Dobbie has lied to them frequently, but they chose to not only ignore it, but cover it up.

¹¹ I initially tried to work collaboratively and professionally with each of the LA social workers. My efforts proved worthless as each of the social workers was prejudiced against me as a man with the stigma of domestic violence.

to abuse their power to an extent that has severely shocked most of my family, friends and an experienced Barnardos manager.

That my behaviour is called irrational by the employees of the LA, is another part of their abuse. It is a desperate attempt to protect them from having their negligence and malice identified. This document is an overview of the complaints against these abusive employees.

When I informed the police and showed them the prohibited steps order, they stopped Mrs Dobbie and had Aurora returned to me in the middle of the night. B1.1.1. This was **emotional abuse of Aurora by her mum yet again**.

B1.2. Custody of Aurora was awarded to me in 2006.. A letter is in that court bundle from her Mrs Dobbie stated she hated family life and looking after Aurora. She was identified to have used a very large amount cut and paste malicious statements about me which were simply proven in court as lies. Mrs Dobbie went off to live with her sister in Scotland. Aurora stayed with me in England. [Ref Previous case documents](#).

B1.3. Mrs Dobbie returned pregnant to our family home from Scotland. She had previously **testified under oath** in court in Chester that she had not had sex with me making it impossible for the child to be mine. She swore under oath in court in Chester that the child was mine. Mrs Dobbie lies to the police and lies to the courts under oath. [Ref Previous case documents](#).

B2: Early violence and abuses by Mrs Dobbie. Social workers trying to help a family.

B2. The original social services reports from Caroline Harley in Nov2009 and the documents and witnesses around them **show clearly that Mrs Dobbie had been frequently violent leaving marks on the children, throwing them around, slapping them, screaming and shouting at them (politely worded at points as 'losing it')**. The pattern was a mixture of violence, abuse and affection all interspersed. Abuses included Mrs Dobbie telling Aurora frequently that Aurora was the problem, life was better before she was ever born. [Ref Letter J.Dobbie](#).

B2.0. Dana Murray reports **Mrs Dobbie** as showing **NO EMPATHY or WARMTH** when shown evidence of Mrs Dobbie not reacting to Aurora in distress. [Ref . DM report 09/08/2010](#).

B2.0. It is quite clear from this reporting that Mrs Dobbie is not saying anything bad about Mr Dobbie – only that he works too much.

B2.0.1. There are no abuses of dad to anybody – child, adult or animal; he just works too much.

B2.1. **This extended violence and abuse of Aurora by her mum is the basis of her deep rooted fear at times of her mother as well as her loving her mother.**

B2.2. At this time, social services were professional and there was good rapport between them and the family. It was clear to see they were attempting to fix and heal a very distressed family.

B2.3. However, the fixing wasn't working and Mrs Dobbie was getting worse.

B2.4. My older son Graham and others were saying to get rid of Mrs Dobbie ([Ref Graham Dean evidence submitted to lawyers, police, social services](#)). I made excuses saying she was simply unwell and was trying desperately to take all the stresses off of her. That was in line with the social services requests on how to improve things.

B2.5. Mrs Dobbie seemed to follow a pattern of violence related to high stress times – morning routine etc. She had a lot of control over it when other people could witness her; she rarely 'lost it' when strangers were around.

B2.6. Graham Dean and Lydia Bull saw frequent assaults of the children. Lydia has witnessed Mrs Dobbie head butting Aurora, spitting at Aurora, slapping Aurora as well as frequent screaming and shouting. Graham has witnessed Mrs Dobbie sitting on top of Aurora bashing Aurora's head off the floor. Social services made Mrs Dobbie sign an agreement to stop having slap fights with Aurora. [Ref DM report](#)

B2.7. The violence got more vicious with Mrs Dobbie 'learning' to avoid Mr Dobbie getting between her and the children to stop her hitting the children.

B2.8. Mrs Dobbie assaulted Orion in July 2010 and went on to lie to the police fabricating lies about a fictitious assault on her to deflect the attention away from her violence and abuses on the children.

B2.8.0. The police, having arrested Mr Dobbie, could not contact anybody in social services or the health services to corroborate that this was a troubled household.

B2.8.0.1. Graham Dean contacted the police, but they declined his offer of evidence.

B2.8.0.2. The police without reasonably investigating the matter, assumed Mr Dobbie was to blame and offered Mr Dobbie a caution. The caution was refused as it did not correspond to what actually happened.

B2.8.0.3. Mr Dobbie, based on Mrs Dobbie's lies about an assault was bailed not to go near his home.

B2.8.0.4. Mrs Dobbie under police protection set about the destruction of the family business by destroying computer files and hardcopy to prevent her lies being exposed.

B2.8.0.5. These events are with IPCC.

B2.8.1. The high court Judge summing up and barristers notes have been readily available to social services, CAFCASS and the LA.

B2.8.2. The '**bad character' evidence**' agreed by the courts showed Mrs Dobbie as violent and abusive in general and assaulting Orion and Mr Dobbie on that night and having lied extensively.

B2.9. Mrs Dobbie was reported to the police as assaulting the children at the time of Mrs Dobbie telling lies about her assault. The police ignored the reported child assaults; initial police investigations into this said the sergeant involved believed Mr Dobbie was merely reporting the child abuse in retaliation for being charged. IPCC are investigating the failure of the police to respond properly to a reported child assault, reported domestic violence as well as why the police were negligent in not investigating the matter properly before charging Mr Dobbie.

B3 : Highly prejudiced social services and the case of the vanishing violence.
July 2010.

B3. At the instant of the falsely reported assault by Mrs Dobbie, social services changed personnel and became extremely prejudiced and hostile to Mr Dobbie as well as taking on a very active role to break up the family.

B3.1. This is nasty social engineering.

B3.1.1. I visited social services immediately after the police released me. I wanted to get them to make sure the children were protected. I was horrified to be confronted with lots of posters showing ONLY men being responsible for domestic violence. It was just the same as when I had looked on the internet for help after Mrs Dobbie assaulted Orion and me. Everywhere you looked, it was about 'men are bad' 'men kill women' 'men are the cause of domestic violence'. [I took photographs of some posters and later took friends to show them the blatant prejudice.](#)

B3.2 and it is based on having completely wrong facts.

B3.3. The first social worker told Mr Dobbie he couldn't be expected to be treated the same as other people because as he had assaulted his wife and children ([ref first complaint to Chief Exec Cheshire West and Chester County Council](#) and replies).

B3.3.0. Dana Murray having-

- read Mrs Dobbie's own email admission of her hitting Aurora,
- and having read Caroline Harleys report showing Mrs Dobbie doing this frequently,
- and is described as suffering signs of depression and had refused help in treatment of it
- then manages to report the bizarre situation of saying that Aurora had said only dad had hit her. ([compare DM first report with CH report and notes](#))

B3.3.1 Note in Dr Alwin's report that Mrs Dobbie states she had smacked Aurora more than once.

B3.3.2. This is the start of the lies by social workers to create ‘dad is bad’.

B3.3.3. When Dana interviews Aurora away from mum’s house, Aurora then tells her that mum did hit the children lots. [DM report](#).

B3.3.3.1. Dana is shown a photograph that is clearly taken in mum’s house and it is easily recognisable as Aurora by Aurora, myself and family friends. It shows a large slap mark which Aurora and I know was made by mum. I do not immediately have the computer to hand to show the exact date of the photograph. Dana tells Aurora she is telling lies and the photograph is not her and mum never hit her and reports the photo is invalid because the police were never shown it. [ref DM report](#), [ref Emails](#)

B3.4. From this point onwards we see Mrs Dobbie running a malicious, slandering, perjuring campaign to hide her violence and promote Mr Dobbie as bad. She uses the authorities to try and force her version of things. Social services oblige more than willingly as they interpret the event as poor woman attacked by bad man. Social services set about hiding Mrs Dobbie’s history of abuse and set about re writing history to create a whole new story of 'Mrs Dobbie is good' and 'dad is bad'.

B3.4.1. What is seen in Dana’s formal report is the start of the vanishing of mum’s violence.

B3.4.1. Aurora reports that Mrs Dobbie was going round telling all of her friends that dad had assaulted Mrs Dobbie and the children with Aurora in tow. [ref Emails](#), [ref Aurora](#)

B3.4.2. Aurora told me to be careful, that a lot of the Mrs Dobbie’s at Capenhurst School would be hating me because Mrs Dobbie had told them her lies. ([documented various places](#)).

B3.4.3. Aurora knew that her Mrs Dobbie was telling lies about the assault ([documented in various places](#)).

B3.4.4. Social services knew Mrs Dobbie was doing this. Aurora told them. [ref CAFCASS rfj](#).

B3.4.5. Dana Murray was even talking to Mrs Dobbie about her supposed assault with Aurora listening.

B3.4.6. Much worse, is that the social workers were now telling Aurora she never was assaulted by Mrs Dobbie. [Ref Aurora](#) and [Ref DM report](#).

B3.4.7. **This was the start of Aurora distrusting and disliking social workers – for her own reasons.**

B3.4.8. This was extensive emotional abuse of Aurora brought on by both Mrs Dobbie and the social workers involved (Dana Murray and Vivian Saunders).

B3.4.9. A report of the children’s concerns were sent to social services by me. [Lawyer’s letter](#).

B3.4.9.1. **I received a response with a legal letter from social services saying do not report anything to us.**

B3.3.1. The LA replied, but were told the replies were unsatisfactory as they were merely cover ups answered by the party the complaint was made against. [ref Emails](#)

B3.3.2. LA never followed their own procedure and took the complaint to the next level

B3.5. Evidence is clear from the Dana Murray files and Vivian Saunders files. There is also the evidence files lodged with the courts and social services which refer to Caroline Harley reports and the diary evidence passed on to Jean Davies and Caroline Harley. Graham Dean witnessed and submitted statements to the lawyers, police and social services. **The CAFCASS RFJ report shows Aurora telling about how social services are just saying what they like.**

B3.8. A first criminal trial regarding the alleged assault took place in January 2011.

B3.8.1. The summing up of this trial with the allowed ‘**bad character evidence about Mrs Dobbie**’ was that :-

B3.8.1.1. Mrs Dobbie had been violent and abusive to the family and had lied about much of what was presented. (the 2009 Caroline Harley report and it’s supporting documents were evidence).

B3.8.1.2. Mrs Dobbie¹² had been assaulting her child Orion.

B3.8.1.3. Mr Dobbie had gone to the rescue of the child.

B3.8.1.4. Mrs Dobbie had substantially assaulted Mr Dobbie.

B3.8.1.5. The court felt Mr Dobbie had over reacted after being assaulted, and was therefore guilty.

B3.8.1.5.1. The over reaction was based on a supposed bump on Mrs Dobbie's head that nobody saw. She herself said in the court there was no such wound. It was only recorded by the constable who reported that she had a golf ball sized wound on her head. A wound that would have required a hospital check up; nobody saw, no records, just this constables notes. The IPCC are investigating this as well.

B3.9. Mr Dobbie attended probation. They quickly came to the conclusion there had been a **gross miscarriage of justice**.

B3.9.1. Interestingly, they tried to contact social workers at Ellesmere Port numerous times to ensure that the children were genuinely being looked after. They never got replies.

B3.10. A high court appeal took place in April 2011 and the summing up :-

B3.10.1. **Mrs Dobbie** had been violent and abusive to the family. (based on the same **bad character evidence** as above).

B3.10.2. Mrs Dobbie had been assaulting her child.

B3.10.3. Dad had gone to the rescue of the child.

B3.10.4. Mrs Dobbie substantially assaulted Mr Dobbie.

B3.10.5. Dad removed the child and himself from further harm by Mrs Dobbie. Not guilty.

B3.11. The police could not now charge Mrs Dobbie with the assaults of that night based on a technicality (6 month limit). [Email](#), [Police](#)

B3.11.1. The whole incident is still with the IPCC and PSD.

B3.12. Mrs Dobbie is still promoting today that she was assaulted, that she never assaulted Orion and only once smacked Aurora.

B3.13. Social workers Dana Murray, Vivian Saunders, Barbara Goldsmith, Andrea Blears and Helen Jones have all told Aurora Dobbie she is a liar for saying that she was hit by mum.

B3.14. This is extreme emotional abuse of Aurora Dobbie by the social workers.

B3.15. Mrs Dobbie phoned up Aurora's friends mum's in front of Aurora and told them not to let their children go to Aurora's birthday party at dad's. This greatly distressed Aurora, but the social workers do not report it. [Ref Emails](#), [ref Aurora](#), [ref Aurora Blogs](#).

B3.16. Mrs Dobbie phones up Aurora 3 times over one weekend greatly distressing her. Mrs Dobbie then lies to the police to have them get Aurora back to her house after promising Aurora she could stay longer – again, greatly distressing Aurora. The police were shown texts from mum to Aurora proving Mrs Dobbie had lied to them. [ref Email](#), [ref Police](#).

B3.16.1. Social workers don't report this.

B3.17. On 4th Feb 2012, Mrs Dobbie terrorised Aurora into a fit and then lied to her lawyer getting a false report of the incident sent to me. [ref Emails](#), [ref Witnesses](#), [ref Aurora](#) [ref Barbara Goldsmith](#) .

B4 Aurora's First Running Away From Mum's & Exposure Of Social Workers Lies.

B4. In 2011, Aurora refused to go back to Mrs Dobbie's. CAFCASS became involved. They reported that Aurora was undergoing abuses at Mrs Dobbie's over an extensive period. CAFCASS report recommended the children stay with dad and that Mrs Dobbie should have psychological testing.

B4.1. Over the very same period in B4 above, social services were only reporting and promoting 'Mrs Dobbie is good' and 'dad is bad'.

B4.2. [Andrea Blears in her Statement](#) to the court [14th Nov 2012](#) at point no 3.13 deliberately lies to the court reporting -

'Aurora has never done anything about wanting to live with her father – She has only gone to her Father's once when she should have been at her Mother's home and that was after she had been in some trouble with a friend and she knew that Mother would be cross when she got back. Mr. Dobbie attempted to harbour Aurora on that occasion but Mother persuaded her home'

B4.2.1. Andrea Blears knows Aurora ran away from mum's house in 2011 for two months and again for 2 weeks in Feb 2012 as well as a number of other incidents. [ref Emails](#), [ref CAFCASS rfj](#).

B4.3 [Andrea Blears in her statement](#) to the court [14th Nov 2012](#) at point 3.14 reports that –
'Aurora told her Solicitor in Court on the 13th November 2012 that she wanted to live with her father. Mr. Hogan said that Aurora was clear and that he thought she had capacity and understood what she was saying. However, she then went home with her Mother when told that was the Court's decision without incident. Aurora was brought into the court room by the Guardian and her solicitor because she wanted to see where decisions were made. She was laughing and giggling. Aurora then left with Mother with no problem'.

B4.3.1. Andrea is not truthful. Andrea knew that what was told to Aurora was that she was going home to her mum's house to go on to her dad's house the following day.

B4.3.2. When Aurora saw Andrea Blears the night of the [17th Nov 2012](#), she screamed and cried and ran away from Andrea. Aurora knew they were trying again to make her stay at her mother's. [see B23](#) below. [ref Emails](#), [ref formal complaint by babysitter to LA](#)

bad'. The court records show the most blatant lies by social services. This is also part of the police investigation. [see Expert comment on the reports](#).

B5.1 Barbara Goldsmith falsely reported there was no emotional warmth between Orion and dad. She later admitted this statement was very wrong, but it found itself propagated into Andrea Blears and Tom Billington's reports. [Ref Lawyers Letter](#).

B5.2. Helen Jones reports mum as saying dad has been texting Aurora saying bad things about mum. She reports this without proof to the court as it makes dad sound bad.

At a meeting with police present, I show Helen Jones on my phone the text message did indeed say to Aurora to erase her messages, and it was because Aurora had written 'Helen is a bitch'.

Helen makes no attempt to correct the situation and report what actually had happened and that she and Mrs Dobbie were previously making up slander about Mr Dobbie. Helen is falsely promoting 'mum is good' and 'dad is bad'. [Ref Mtg at social services and follow up Emails](#).

B5.3. see all of [B7](#) below.

B6 Act of serious negligence by mum covered up by social services.

B6 Aurora was raped at her Mrs Dobbie's house. It was by one of Mrs Dobbie's friends sons. It was known for years that you could not leave Thomas Sinnot alone with Aurora. He had taken his penis out before in front of Aurora on a number of occasions. He had also previously been on top of Aurora with his penis out.

Mrs Dobbie left Aurora with Thomas in Aurora's bedroom playing with Aurora in the top bunk bed unsupervised - knowing all this history. Mrs Dobbie allowed Aurora to be unsupervised with Thomas so she could chat with her friend. There was no justifiable reason to have allowed this situation.

The boy had his penis on Aurora's face, in her mouth and inside her vagina. Mrs Dobbie only knew about the sexual assault after the neighbour, whose daughter was in the room with them, came and complained to her.

B6.1. Mrs Dobbie and social services kept it as quiet as possible because it showed how negligent Mrs Dobbie was. **Notice the absence of reporting this event since 2011.**

B6.2. When the court ordered to see all of the police records about this case, social services knew this event was missing and did not correct the matter. Effectively, they were again committing perjury by misleading the court about what was truthfully happening.

B6.3. The matter was recorded with North Wales Police and that's why it doesn't show up in the Cheshire police cava. The Cheshire PPU have been involved a few times with this case and are very friendly with the Ellesmere Port social workers involved and knew all about it. [Police](#)

B6.4. No GP was contacted or counselling of Aurora was investigated by Mrs Dobbie or social services. [ref Medical Records](#)

B6.5. Only now, under the threat of a Judicial Enquiry, does Mrs Dobbie acknowledge to the courts that such an event took place; but again she tries to trivialise it.

B6.5.1. **Mrs Dobbie committed perjury by wilfully concealing important information from the court, and by wilfully telling lies on all previous occasions and under oath.**

B7 Malicious slander, repeated perjury by social workers and Mrs Dobbie.

B7. Social services took Mr Dobbie to court again and again and again (at great expense to the tax payer and cost to Mr Dobbie in preparation and attending).....trying to force him to retract the statement that Mrs Dobbie had ever been violent and abusive.

B7.1. Given the Caroline Harley report and supporting documents, social services and Mrs Dobbie have **perjured courts on numerous occasions** as well as committing slander and **behaving malicious towards Mr Dobbie**.

B7.2. Social worker Andrea Blears and her manager Kevin Buck were in attendance at most of these and are professionally negligent of not reading the files and knowing that social services were actually being malicious and harassing Mr Dobbie and not putting the children first.

B7.3. Social services created evidence some of which is bizarre and reported it to the courts in their desperation to say 'dad is bad'. They also covered up evidence showing mum was violent and abusive. There is also a mountain of background facts that are completely wrong. e.g. Andrea Blears reports both Grandmas died in 2009.

B7.3.1. e.g. Andrea Blears reports Mr Dobbie is mentally ill because he wears rugby shorts inside his own home. [ref AB report](#)

B7.3.1.1. Andrea Blears attends Mr Dobbie's home and talks at him nonstop. Mr Dobbie cannot get her to stop at all, so he sticks his fingers in his ears. Andrea Blears reports about Mr Dobbie sticking his fingers in his ears as evidence of his desperate state of mind (along with the shorts), but does not report her unreasonable behaviour to illicit such a polite response from Mr Dobbie. [ref AB report](#), [ref emails](#)

B7.3.2. e.g. Kevin Buck foamed at the mouth in anger and shouted at me calling me an abuser when he heard I had bought my ex wife £200 of shopping to help feed the children (his claim was I was a woman abuser showing off to Mrs Dobbie that I could buy food for the children !) Kevin Buck made no comments about me having sponsored children or supporting a whole family in Africa because the mother had cancer or other such charitable acts. However, he deemed the buying of food for my children an act of abuse. The man is simply toxic. [ref Emails](#)

B7.3.3. e.g. Vivian Saunders shouted at me very angry because I said 'I had taken my wife on holiday to Australia'. She was fuming angry at me for forcing a poor woman to do something.

B7.3.3.1. Mrs Dobbie used to tell everybody that was the best holiday of her life. I was on a business visit and used air miles to pay for Mrs Dobbie's air ticket, the hotels and food being paid for by the company. To Vivian Saunders I was 'guilty' of a heinous crime because I used the phrase 'I took my wife'. [ref Emails](#).

B7.3.4. e.g. Andrea Blears said Mr Dobbie talks to women on the Internet. When asked how she knows this, she couldn't answer. Just cut and paste lies to make Mr Dobbie look bad. [ref AB report](#). [ref Emails](#).

B7.4. As the LA were ignoring complaints, I tried to make the court and other professionals more alert to the absurdity of the social services claims. One attempt was by reporting to people that Andrea Blears must be invisible and have broken into my house and been watching me. [ref Court Submissions](#). , [ref Emails](#)

B7.4.1. The social workers had created such a strong mindset to the other professionals in their 'dad is bad' campaign, that instead of seeing how stupid the LA claim was, nobody blinked an eye. [Notice the absence of querying social services](#).

B7.5. Andrea Blears, Kevin Buck and those copied in the emails are professionally negligent in not speaking out where blatant bizarre evidence is attempted again and again.

B8 Social services push their abuses to extremes.

B8. It is extremely disturbing that I have made a huge number of formal complaints about such things, and the local authority just doesn't reply. They believe they have the authority to abuse people and ignore any criticism, or have it hidden.

B8.1. their response has been to try to gag me and gag Aurora. [ref Court submissions](#), [ref Emails](#)

B8.1.1. after Aurora had been assaulted by Mrs Dobbie, social worker Helen Jones told the police they could not interview Aurora as there was no need to. [ref Police](#)

B8.2. Social services using the full power of the LA have tried repeatedly to gag me about criticising them. The Judge has frequently told the LA that their requests not only go beyond what is lawful, but also beyond what is decent and reasonable. [Chester and Liverpool](#)

B8.3. Social services used the local authority to issue imprisonment documents on me. This wasn't we want to take you to court, these were documents that positively stated you are going to prison. I was allowed however, to present myself to the high court to offer an explanation of why I may possibly not be imprisoned. At the high court the Judge informed them they didn't have the authority to imprison people. **THEY DID NOT KNOW THIS !**

B8.3.1. When asked by the judge to explain themselves, it turned out that if they had read the previous court documents there was nothing to get excited about. There was no case to answer for.

B8.3.2. More disturbing, the social services and local authority personnel attending a formal high court thought they were finally going to get me imprisoned – for criticising them. I was already identified by various experts and authorities as an excellent father who dearly loved his children. The children love me and it is recognised they dearly want to live with me – but it doesn't suit social services. The social workers were joking and laughing and happy; they were going to the execution of their critic. The little fat woman social worker skipped into the court because she was so happy. This was the dark ages with sprinklings and flavouring by Torquemada. When they found out they were not burning anybody at the stake, the social workers became miserable. Helen Jones eyes were watering like she was going to cry. [ref Email Ref TWD](#)

B8.3.3. Mr Rawlinson and Mr Hogan were respectably sombre at the hearing.

B8.3.4. Helen Jones had attended the previous court cases and is professionally negligent, or maliciously motivated to have sworn an affidavit against Mr Dobbie to have him imprisoned.

B8.3.5. The Judge was really nice to the LA and had the wording made easier to read for them.

B8.3.6. An MP is questioning the Chief Executive Of Cheshire West for answers. Other government departments have been made aware and this.

B9 Extreme destruction caused by Mrs Dobbie and social workers malicious acts.

B9. Since the false accusation and malicious lies by Mrs Dobbie to cover up her assault of Orion Dobbie, social services in attempting to run a campaign of 'dad is bad' and 'Mrs Dobbie is ultra compliant' have cost the taxpayer in excess of £500,000. Most of the activities show clear malice from social workers to dad. They also show a documented trail of bizarre lies. They also show a very high level of negligence.

B9.1. The social services campaign has destroyed the family business which was the children's legacy and short term funding. It has gone from £300,000 (and was about to sign up for a million pound joint venture before all the authoritarian crazy stuff started). So the children lost out financially on a huge scale. [ref TWD](#), [ref Napier University Joint Venture Plan](#).

B9.2. I am requesting a government audit of all of this already and various government departments and MP's are already involved.

B10 Hiding and burying of all complaints against social services.

B10. One of the fascinating facts of this 2+ years is that whenever social services have been asked face to face to be truthful, they halt the meeting and close it down. When asked in over 100 emails to be truthful, they have refused. Andrea Blears came to my house and would not stop talking aloof AT me for a considerable time , even to take breath so I pulled out my phone and said I would now record the meeting she ran out of the house. and so much more ... all documented. [ref Emails](#).

B10.1. On meeting me for the very first time, Andrea Blears told me I had to obey what she wanted or she would have my children taken off of me. [ref Emails](#) (and she did, by crook).

B11 EVERYTHING depends on the truth.

B11. When Mr Rawlinson of CAF/CASS was first appointed guardian, he discussed with me how he could see EVERYTHING was pivotal around if or not violence and abuse had taken place with the children.

B11.1. It was over 5 months before he even talked to Aurora.

B11.2. Mr Rawlinson only now has stated **he has always taken serious the POSSIBILITY that Mrs Dobbie MAY have harmed the children.**

B11.2.1. Mr Rawlinson is negligent of not doing the basics in reading readily available first documents in this case which clearly show Mrs Dobbie was violent and abusive to the children on a frequent scale (first social services report and supporting documents).

B11.3. Mr Rawlinson has proceeded through the case without this knowledge which he agreed was ESSENTIAL to working professionally with children put into his care as guardian.

B11.4. Mr Rawlinson's negligence has allowed ongoing abuse of the children. We can assume he would have put much more effort into protecting the children from ongoing harm and saved £500,000 of wasted tax payers money had he read the early documents and realised the violence and frequent lies from Mrs Dobbie.

B12 A little girl fears violence. The LA and Mrs Dobbie DO NOT want the truth.

B12 Helen Jones, Andrea Blears and Kevin Buck are negligent because they have missed the understanding of WHY **AURORA HAS GENUINE CAUSE TO FEAR HER MOTHER.**

B12.1. Mrs Dobbie, Helen Jones, Andrea Blears and Kevin Buck have created the false ideas of people believing Aurora's fear of her mother is simply fiction, a tantrum or caused by dad.

B12.1.1. Social services have put such significant efforts to put the flavour of 'dad is bad' into their reporting that they cannot retract and agree that it is readily available evidence that Aurora genuinely has a deep fear of her mother because of her mother's own behaviour and actions.

B12.2. Mrs Dobbie and social services were all for psychologists reports. As soon as Prof Billington said it was ESSENTIAL to know about Aurora's abuses and violence we see Mrs Dobbie and social services desperately not wanting a judicial review.

B12.2.1. Given the importance of knowing the truth about the violence and abuse that the children had suffered, that both **the LA and Mrs Dobbie did not want a judicial enquiry** into the violence and abuse suffered by the children shows **they do not want the truth known**. This is just like social services in 2010 sending me a lawyer's letter saying do not tell about the children's abuses.

B12.2.2. It is commonly advertised in posters which are against domestic violence - 'SILENCE IS VIOLENCE'.

B12.2.3. Social services and Mrs Dobbie want silence. They have things to hide.

B12.3. Mrs Dobbie has lied extensively, perjured extensively, physically and emotionally abused Aurora and Orion and carried out a malicious campaign against Mr Dobbie. [Ref L](#) etc.

B12.4. Helen Jones did not want the truth to be known about the violence to the children. She is negligent in her duty of care of the children.

B13 Perjury on a grand scale.

B13. For over two years in numerous courts we have seen Mrs Dobbie and social services put forward that Mr Dobbie is an abuser because he will not back off and say Mrs Dobbie was never violent and abusive. see section [B7](#) above.

B13.0. Andrea Blears in her court evidence deliberately leaves out the 2009 events and reports of Caroline Harley and others showing mum was indeed violent and abusive to the children. e.g. reports to court **17th May 2012**, and **21st May 2012**, . She also leaves out the sexual assault of Aurora by Thomas.

B13.0.1. When Andrea Blears does finally mentions the 2009 violence and abuse by Mrs Dobbie, she reports it briefly as innocuous, she then proceeds to amplify Mrs Dobbie's version of the assault she is court proven to have lied about e.g. see 3.4 and 3.5 from Andrea Blears statement 11th October 2012. Andrea Blears is deliberately promoting 'dad is bad' and 'mum is good'.

B13.1. Under the threat of a Judicial review, Mrs Dobbie agrees she was, after all, violent and abusive. It is described as innocuous as having hit Aurora **only one time. This is perjury.**

B13.1.1. In a meeting with Helen Jones, Mrs Dobbie, police and Mr Dobbie, Helen Jones said everybody knew that this meant it was more than just one slap.

B13.2. **This is admission of perjury on a grand scale.**

B13.2.1. Mrs Dobbie and social services have repeatedly perjured the courts in knowing there was violence all along.

B13.2.2. Mrs Dobbie and social services have further perjured TH Judge Barnett's court in making out the submission of violence as little more than innocuous. (see Caroline Harley report, CAFCASS rfj and supporting documents) and made out the Thomas incident as something to just ignore.

B13.2.3. Mrs Dobbie perjured HH Judge O'Leary under oath.

B13.2.4. Andrea Blears perjured HH Judge O'Leary under oath.

B13.2.5. Helen Jones perjured TH Judge Barnett.

B13.2.6. Mrs Dobbie perjured TH Judge Barnett.

B13.3. Mr Rawlinson's professional negligence failed to stop this situation.

B14 Malicious slander and harassment on a grand scale.

B14. Mrs Dobbie and social workers have admitted they took Mr Dobbie to court repeatedly to retract statements which they now admit were real.

B14.1. Social services in their meetings repeatedly wrote Mr Dobbie was uncooperative based on him not retracting statements which social services are saying were actually true.

B14.2. For two years, Mrs Dobbie and social services have slandered, harassed and maliciously pursued Mr Dobbie over these basic facts of violence.

B14.3. Mrs Dobbie and social services have destroyed the family business that was to be used to ensure a good education and stability for the children.

B14.4. Mr Rawlinson's professional negligence in not reading the early documents prevented him from stopping this.

B15 Children taken into custody based on a perjured court.

B15. Judge O'Leary had 4 teams presenting to her.

B15.1. Mrs Dobbie concealing extensive history of violence, abuse, lies, slander, perjury.

B15.2. Social services concealing an extensive history of malicious prejudice and perjury.

B15.3. CAFCASS, negligent in the basis of the violence and abuses, negligent in the contradictions between CAFCASS social workers and therefore negligent in the offences covered above.

B15.4. A very weary Mr Dobbie bedraggled by lack of sleep (writing his reply to the court overnight without sleep and looking after the children), hospital appointments and a heart physically being driven wild by the wrong medication.

B15.5 I cannot emphasise too strongly, HH Judge O'Leary was extensively perjured on those two days.

B16 Mr Rawlinson said both parents had emotionally abused Aurora.

B16. In Liverpool before Judge O'Leary, Mr Rawlinson said it was clear that both parents had emotionally abused Aurora.

B16.1. Mr Rawlinson has been told directly by Aurora that she was very unhappy because mum and her friends talked bad things about dad.

B16.2. In the CAFCASS report we have Aurora telling RFJ that the social workers and mum were saying bad things.

B16.3. At no point in any reports do we have Aurora reporting to anybody about being unhappy with dad. We had a system where if she was troubled and wanted to talk about anything, like any responsible dad to daughter I would talk to her.

Aurora is very bright and gets agitated and distressed at times. She has asked me on numerous occasions about things concerning what was going on around her. She was especially distressed by the lies that had been told to her by social workers. She felt these people were bullying her and nobody was doing anything to stop them. Aurora talked to me about death and everything conceivable. Not just things that troubled her, but lots and lots of things. We enjoy talking to each other.

B16.3.1. There are numerous professional people who say I am exceptionally good with children. **I have had extensive experience in working with inner city and other distressed children.** When Aurora was very upset, her mum would have to send her to me for calming and reassurance – **documented. ref Debra Dean-Chadwick references. others available**

B16.3.2. It is recorded in social services records that Mrs Dobbie had to bring Aurora to dad's house because dad could calm her down and mum couldn't.

B16.4. Mr Rawlinson's rationale to say what he did in B13 above was based on two ideas :-

B16.4.1. not knowing that extensive violence had taken place and that **Aurora saw dad as safety (CAFCASS rfj).**

B16.4.2. slanderous hearsay from mother (the woman who swore repeatedly under oath there was no violence).

B16.5. Mr Rawlinson is professionally negligent of making a false statement to Judge O'Leary. His statement based on false premise.

B17 Aurora put into custody with the person who had abused her lots; again !.

B17. In Liverpool before Judge O'Leary, Mr Rawlinson said it was safer to put Aurora with her mum as the lesser of two evils.

B17.1. Mr Rawlinson based this recommendation on not being clearly aware of the extent of mum's violence, abuse and lies.

B17.2. Mr Rawlinson makes his decision in the light of being negligent of Aurora's deep genuine fear of Mrs Dobbie based on real violence.

B17.3 **Mr Rawlinson's own testimony at Liverpool shows conflict with social services, who were basically saying everything was wonderful at Mrs Dobbie's house.**

B17.3.1. Mr Rawlinson fails to recognise that Aurora has told social workers what she has told him, but the social workers never report Aurora's concerns and problems at Mrs Dobbie's house.

B17.4. Mr Rawlinson fails to see the connection, or feels that the misreporting and hiding of abuses at Mrs Dobbie's by social services is magically now going to stop. He is negligent.

B18 Post Liverpool abuses of children.

B18. Post Liverpool evidence backs up that mum has still been lashing out at the children – Aurora especially.

B18.1. Social services have not reported Aurora screaming and shouting at the social worker. Instead they report a good relationship. [ref Email](#), [ref Aurora](#)

B18.2. Aurora reports there have been quite a few incidents in the house. Social services reports how settled the children are. [ref HJ reports](#), [ref email](#), [ref Aurora](#)

B18.3. In one of the fights between Aurora, Orion and Mrs Dobbie they smash a £450 tablet computer. Social services only report how settled the children are. [ref HJ reports](#), compare [ref Emails](#), [ref Aurora](#) . [ref Evidence](#).

B18.4. Aurora was screamed at and assaulted with a toothbrush dragged across her face by her mother. She refused to go back to her Mrs Dobbie's house saying it was just like 2010 all over again. [ref Emails](#), [ref Aurora](#).

B18.4.1. I reported to the PPU. They reported to Helen Jones, she ordered out of hours social worker and police to attend and **force Aurora back to Mrs Dobbie's setting Aurora off into one of her 'fits'**. Aurora was triggered into these fits on a number of occasions historically by Mrs Dobbie. She also had them when she felt forced to leave the safety of dad's house. [ref Emails](#)

B18.4.2. Helen Jones has pronounces herself as suitably medically qualified and Aurora was merely having a tantrum (and Helen wasn't even present). [ref Emails](#)

B18.5. It states in the Caroline Harley social services report that Aurora had severe panic attacks and we were witnessing such things again. [Ref CH2009](#).

B18.6. Helen Jones has caused an extreme reaction in Aurora, even though she knows the history of these as reported by Caroline Harley et al. **Helen Jones has emotionally assaulted Aurora**. [ref Emails](#), [ref Aurora](#) , [ref CH2009](#), [ref Prof Billington Report](#).

B18.7. Helen Jones was more motivated to be malicious to dad than to protect a child. She is negligent in her duty of care to Aurora.

B18.8. Helen Jones has reported a false version of what happened. This is professional negligence. [ref Emails](#), [ref Aurora](#), [ref TWD v HJ report](#),

B19 Social services hiding abuses and still trying to sell 'dad is bad'.

B19. As a result of mum assaulting Aurora and being terrified of her, Helen decides to reduce all possible contact between Mr Dobbie and the children. She manages to reduce it to 3 hours supervised with no phone calls or texts – complete isolation; worse than murderers get. [ref Emails](#)

B19.1. I met up with Helen Jones and Mrs Dobbie and police. Mrs Dobbie said the children were fighting and she grabbed Aurora's arm and it got dragged across Aurora's face. Mrs Dobbie lashed out in a brawl with the children. [ref Emails](#).

B19.1.1 This incident in isolation is not much to talk about. What is disturbing is when you place it in the context of years of Mrs Dobbie lashing out physically at the children. Helen Jones knows about the original social services documents and knows that Aurora has genuine deep rooted reasons to fear her mother. Knowing this, she maliciously proceeds to blame Mr Dobbie for Aurora being terrified of her mother. This is a malicious criminal act on Mr Dobbie as well as negligence in her duty of care to Aurora. It is part of a large list that has already been passed on to the police. [ref Emails](#), [refCH2009 et al](#)

B19.2. Mr Rawlinson knows about this incident and is in agreement with what Helen is doing. Mr Rawlinson is approving a criminal act of perjury and harassment because he never took the trouble to act professional and read all of the readily available documents. He is negligent.

B19.3. Social services maliciously lied to the court that Orion had WRITTEN that 'dad had hit him'. Helen was malicious and made sure nobody could successfully challenge her in court about this by not presenting evidence. [ref HJ report](#)

B19.3.1. When I asked to see the evidence at a subsequent meeting with police in attendance, the A4 sheet had three very nice things Orion had written about his dad. There was nothing about any hitting; just three nice things about his dad. [ref Email](#)

B19.3.2. Helen further explained she had visited Orion with the document and asked about if dad had hit him. Orion said no, never. The document only said good things and Orion only said good things. and yet, Helen Jones went on to maliciously lie to the court in this incessant campaign from social services to try and promote 'dad is bad'. [ref Email](#)

B19.3.3. Helen did this quite deliberately, she committed perjury.

B19.3.4Mr Rawlinson had read Helen Jones report but neither he nor Helen Jones reported to the court that the report was wrong.

B19.3.4.1. Mr Rawlinson is either negligent of not being interested in a child he has professional responsibility for, who supposedly had WRITTEN he has been hit by his father, or

B19.3.4.2. Mr Rawlinson not only knew it was wrong, he knew this document said three times how much this child loved his dad, but Mr Rawlinson knowingly participated in allowing another 'dad is bad' advert to be put in the records and in front of the judge; this would make him malicious and negligent.

B19.3.4.3. Mr Rawlinson, already knows through the first CAFCASS report and his Liverpool testimony (his direct dialogue with Aurora) that there is a significant difference between reality and what social services are reporting.

B20 Assault never even investigated

B20. Ken Redman was reported to have dragged Orion screaming upstairs by Aurora, and to this day, nobody has investigated it. [ref Emails](#), [ref Aurora](#), [ref TWD](#)

B20.1. Helen Jones told Nigel Parr there was nothing to investigate. She is negligent. [ref Emails](#)

B21 Aurora's drawings, writings and blogs.

B21. Aurora has always written, drawn and recorded herself on tape machines and video recorders. She has done lots of media as cathartic activities regarding all the violence and emotional abuse she has experienced. Aurora had been blogging about abuses and had also demonstrated she was angry at what happened in Liverpool and she ran away from social workers after Liverpool and at the contact centre.

When blogs were discovered and I took them to the court, the knee jerk reaction of social services was to say Aurora is a liar. [Ref Witness Jacobs Solicitors email.](#)

Helen Jones priority was not to investigate the abuses of children in her care, it was to hide the evidence and call Aurora a liar –yet again. The LA did not want the statements investigated as part of a Judicial review. The LA was more interested to stay on the 'dad is bad' & 'mum is good' psychological train that Mrs Dobbie and social services are running.

B21.1. Helen Jones told police there was nothing new that she did not know already from the Aurora Blogs. This means that Helen Jones committed and supported Perjury in her court appearances in Chester. [Ref Email TWD/HJ/NP.](#)

B22 Response to Vicki Dudley of CAFCASS.

B22. You stated that Mr Rawlinson references his court case report dated 11 Dec 2012 'the court case has been extensive and the significant emotional harm the children are suffering because of parental acrimony'.

B22.1. The court case is extensive because Mr Rawlinson and others have been negligent in reading the historical documents and recognising the extent of violence and abuse suffered by the children. It is also protracted because Aurora repeatedly told social workers about abuses and violence from Mrs Dobbie and they simply ignored her ([please read the first CAFCASS](#)

report where Aurora tells RFJ that social worker Vivian Saunders did not listen to her and just said what Vivian wanted to say).

B22.2. In terms of proven facts (rule out social services hearsay and simple amplification of whatever Mrs Dobbie says) Mr Dobbie has not emotionally or physically harmed the children.

B22.3. Mr Dobbie is being persistently attacked by Mrs Dobbie and social services to retract that Mrs Dobbie has ever been violent.

B22.4. Mr Rawlinson says 'their assessment, notwithstanding mother's admissions, is that the children are safe in her care' .

B22.5. Mrs Dobbie had not made any admissions at this point. Mr Rawlinson is confused.

B22.6. When mother finally does make her admissions, they are little more than innocuous chastisement that falls extremely far from what is proven in the initial documents. [see Court Doc](#)

B22.7. If Mr Rawlinson had read the available historical documents; he would have recognised the malicious abuse of Mrs Dobbie in using social services as a weapon. Mr Rawlinson is negligent and his negligence has contributed to Judge O'Leary in Liverpool effectively working from evidence which is PERJURY.

B22.8. **Judge O'Leary was grossly perjured and her resultant order comes from her being perjured. That she was perjured is a fact based purely on Caroline Harley's document alone.**

B22.9. As for Aurora being safer, since then, Mrs Dobbie has lost it loads of times with her and physically assaulted her and social services are desperately covering it up. When discovered, because they can't gag Aurora forever, social services try to make the incidents seem innocuous. Aurora has also been talking to friends and relatives. [ref Emails](#), [ref Aurora](#), [ref Evidence](#)

B23 Mr Rawlinson and Andrea Blears said Aurora was happy to go to mum's house.

B23. At Liverpool Mr Rawlinson stated how Aurora was relieved to be free of decision making at the court in Liverpool. [ref Guardian report](#).

B23.1. Mr Rawlinson made Aurora so angry at him that she refused to talk or be interviewed by him on the two subsequent attempts by him to talk to her after the event above. [documented](#).

B23.2. Mr Rawlinson stated how happy Aurora was to be going home with Mrs Dobbie. [ref Guardian report](#)

B23.3. Aurora screamed and cried and ran away from the social worker when she saw the social worker and realised she was being forced to stay at Mrs Dobbie's house; not what Mr Rawlinson told her. [\(formal complaint lodged with LA by the babysitter\)](#).

B23.4. Mr Rawlinson has demonstrated he does not understand Aurora. He is confused by what makes her happy or sad. He makes up his own fantasy story which falls in line with the bombardment of propaganda from social services 'mum is good' & 'dad is bad'.

B23.5. All of the social workers reported Aurora liked them. What we have is social workers trying to make themselves look good in reports.

B23.6. What Mr Rawlinson told Aurora in Liverpool was that she was going home to Mrs Dobbie's and on to dad's the following day. What he reported to the court was how happy Aurora was to go with Mrs Dobbie. – These are very different things.

B23.6.1. Mr Rawlinson cannot see these two statements as being very different. Mr Rawlinson made up a story that sounded good and made him look good. It wasn't the truth, it was merely wishful thinking that Mr Rawlinson was a knight in shining armour.

B23.7. Aurora has been under siege with social workers for over two years. All of them have tried to force her to believe that Mrs Dobbie had not been violent and abusive to her.

B23.7.1. **That is a nightmare of emotional abuse created by mum and the social workers.**

B23.8. What Aurora wants is people who are decent and truthful that she can trust. That was not fulfilled by her guardian. Mr Rawlinson is negligent; and sadly, because he never read reports.

B24. LA excuse of dad is mentally unwell to cover for their abuses.

B24. This is the most desperate attempt from local authority employees to cover up extensive and ongoing abuses, perjury and criminal harassment created by its employees.

B24.1. Since seeing my children abused, and that abuse carrying on through the actions of negligent authorities, I have been greatly distressed.

B24.2. I am working with professionals from the NHS and being treated for anxiety and distress that resulted from external stressors – mainly the actions of the local authority.

B24.3. My doctors show I am not mentally ill, or paranoid or deluded or such like.

B24.4. I have interacted professionally with the authorities and reported what is happening in a professional manner. **I have deliberately escalated the audience given the level of abuse of authority power.**

B24.5. The local authority has not followed its own complaints procedures and has been negligent in simply avoiding answering complaints, questions and comments.

B24.6. Like any concerned parent or professional should be, I have drawn more attention as required to this matter as it has had a bad influence on my children's well being.

B24.7. Faced with people like Helen Jones who takes the position that anybody disagreeing with her is a liar or mentally ill, then it warrants bringing a lot of attention to these matters.

B25. Dr Alwin's report say mum is a real risk, but LA reports dad is the problem.

B25. On a balanced view, Dr Alwin's report says the children are safer with dad.

B25.1. Social services as usual, use it in a prejudiced manner to say 'dad is bad' and 'mum is good'. [see LA application to court.](#)

B25.2. Mrs Dobbie reports to Dr Alwin –

'Ms Dobbie informed me at the beginning of the assessment that at the moment social services were backing her desire to have the children placed in her care'.....and

'Ms Dobbie added that social services have told her Tommy was mentally abusing the children and they have referred Tommy to have a psychological assessment. Ms Dobbie said that she doesn't need to be here'

.....and
'Ms Dobbie was not prepared to consider, act on or maintain changes in her behaviour'.

B25.2.1. Social services make it clear; they are prejudiced in their dealings between Mr and Mrs Dobbie. They are on a one track path to give the children to mum.

B25.3. Mrs Dobbie refused mental health help in 2009 by health services and again in 2010 by health services and again in 2011 after CAFCASS recommended she should be seen by a psychologist. She only does it because she says it helps social services force the children off of their dad. She says she has no need to change.

B25.3.1. Dr Alwin reports – *'her behaviour in the past had been inappropriate. However, I continue to have concerns that Mrs Dobbie may struggle to assert herself in situations where she was required to maintain a moral framework when under pressure from others'.*

B25.4 LA report Mr Dobbie as unwilling to recognize or seek help.

B25.4.1. LA position not supported as Mr Dobbie has taken the trouble to go himself and ask for help in 2010 after being distressed by the stressors created by Mrs Dobbie, police and LA.

B25.4.2. LA position not supported by - Dr Alwin reports Mr Dobbie SCQ – *'This profile indicates an individual who was prepared to accept they had issues requiring personal change and was prepared to recognize the need to maintain change over time'.*

B25.4.3. LA position not supported by Dr Alwin reports – *‘he states he tried to deal with these problems on his own but realized he could nothe reported to his GP..’*

B25.5. LA report there are concerns by Dr Alwin about Mrs Dobbie, however, we are reassured by Mrs Dobbie that she will undertake courses and will reduce these concerns.

B25.5.1. LA position not maintained by B25.2 last part.

B25.5.2. LA position hugely undermined by B25.3.

B25.5.3. LA position hugely undermined by Jean Davies comments in Caroline Harley 2009 social services report.

B25.5.4. LA position undermined by the fact that Mrs Dobbie has lied to them repeatedly over two years about the domestic violence she caused. [ref L](#)

B25.5.5. LA position undermined as Mrs Dobbie is not even truthful to Dr Alwin – said she *‘slapped Aurora on her bottom and put Orion in his bed’* (compare with her own email admission alone). Mrs Dobbie lies lots [ref L](#)

B25.5.5.1. LA position undermined as Mrs Dobbie still citing her version of events about the assault which ALL other evidence says is lies. Mrs Dobbie lies a lot [ref L](#)

B25.6 Social services have shown gross unprofessional behaviour in respect of understanding Dr Alwin’s report and the significance of what he says.

B25.6.1. The report says **Mrs Dobbie is LIKELY to step back and let someone take control of what is happening to her children;** and if this person is not holding the children’s interests as a high priority, then there could be serious risks to the children.

B25.6.2. The report says she could POSSIBLY benefit in reducing this LIABILITY.

B25.6.3. Mr Redman has already shown his genuine interests. He wanted sex and didn’t want noisy children in the way. Once the spotlight was turned on, he behaved rather better, but that spotlight will switch off.

B25.7. Dr Alwin asked Mrs Dobbie, given that she felt so bad about their relationship, what motivated her to stay with Mr Dobbie (as opposed to leaving and getting on with her own life) –

‘Ms Dobbie stated that she was ‘terrified of losing everything’, losing the children and losing her home..’

B25.7.1. So Mrs Dobbie took action to resolve that problem. By telling lies to police and social services about a fictitious assault knowing they are already highly prejudiced against men in issues of domestic violence.

B25.7.2. Social services willingly obliged to champion her cause and lied in reports and courts to do so.

B25.8. The only thing, is truth was hanging about everywhere in the details.

B25.8.1. Mrs Dobbie and social workers have tried to hide the evidence, tell lies to courts, calling Mr Dobbie mentally unwell and Aurora an extreme liar.

B25.8.2. the LA and Mrs Dobbie desperately did not want a Judicial review.

B25.9. The LA is negligent and has used Dr Alwin’s report in an unprofessional manner to make the case of ‘dad is bad’ and ‘mum is good’.

Subject: Help with Children

Hello,

I am married with 2 children - Aurora aged 8 and Orion aged 2 (3 in October).

I am at a point where I feel I cannot cope with them any longer. I shout at them every day - scream at them. Up until this week I haven't hit them. However yesterday I smacked Aurora on the bottom 2x - each time I smacked her I hit her a few times and left a mark on each buttock. Tonight I grabbed Orion by his arms and threw him onto his bed.

The children are constantly bickering and fighting and I am now also at the point where I do not even bother to intervene - I just let them fight it out and tonight they scratched each other and left marks.

My husband works long hours and I work part-time. Next week I am starting a part-time college course - in Counselling. I have read loads of parenting books and know all the techniques to try but I am just at a point now where I cannot be bothered.

We have no family nearby - they all live in Scotland - so other than working I never get away from the children. There are a lot of issues that I am having to deal with at the moment and I feel I have nowhere to turn and nobody to talk to. I feel I am on the verge of a breakdown sometimes.

Please can you help me?

Best regards,
Avril Dobbie.

Social Services Caroline Harley Report Extracts.

Reason for assessment

Reason

T'call from Father, Tom Dobbie (Tel: 07743827184)

Tom has been to speak to health visitor Jean Davis today re his concerns for his wife's current mental stability and the impact of this upon her care for the children.

CHe1

Tom informs that Avril, Mum, has drastic behaviour changes, usually in the mornings or the evenings. During these periods Avril shouts and screams at the children and has picked the children up and thrown them across the room.

Tom is fearful to leave the children alone with Avril due to this behaviour.

Last night whilst Tom was working away, he received a T/C from his daughter who he describes as 'hysterical', he could hardly make out what she was saying and Avril took the phone from her daughter and hung up. When he arrived home the children were in bed.

The family are 'very isolated' with the nearest family being 100 miles away. Tom is very willing to accept any support as he is aware how his wife's behaviour is impacting upon their children.

Tom has been keeping a log of his wife's behaviour for about a month as he is concerned as to how it is impacting upon their children.

Parenting capacity *Avril A long time ago*

CHe2

JEAN DAVIS HEALTH VISITOR HAS HAD SOME LEVEL OF INVOLVEMENT WHEN INITIALLY THE CHILDREN'S MOTHER AVRIL APPROACHED HER FOR SUPPORT WITH THE CHILDREN. SINCE THAT TIME THE CHILDREN'S FATHER TOMMY APPROACHED HER WITH A CHRONOLOGY EVENTS THAT HE HAD KEPT IN RELATION TO AVRIL NOT COPING WITH THE CHILDREN. JEAN ADVISED TOMMY TO MAKE A REFERRAL IF WAS WORRIED ABOUT THE CHILDREN.

Parents' / Carers' views and comments

CHe3

BOTH PARENTS AGREE AND ARE REQUESTING A FAMILY SUPPORT WORKER BE INVOLVED.

Emotional and Behavioural Development - Read Guidance

CHe4

Child's needs

CHILDREN NEED A SECURE AND STABLE ENVIRONMENT TO FULFIL THEIR POTENTIAL. ORION'S PARENTS ACKNOWLEDGE THAT THE HC ENVIRONMENT HAS A VERY TENSE ATMOSPHERE. ORION IS CURRENTLY BEING EXPOSED TO HIS PARENTS DISPUTES AND THE RELATIONSHIP BETWEEN THE CHILDREN'S PARENTS HAS DETERIORATED TO THE POINT THAT THEY ARE CONSIDERING SEPARATION. ORION HAS ALSO BEEN SMACKED AND ROUGHLY HANDLED -THROWN ON THE BED, AT BED TIME WHEN HE HAS PROVED DIFFICULT FOR HIS MOTHER TO MANAGE.

CHe5

ON THE SURFACE THIS WOULD BE A STRAIGHT FORWARD ASSESSMENT GIVEN THAT AVRIL IS CURRENTLY SAYING THAT SHE NEEDS SUPPORT WITH THE CHILDREN AND THE CHILDREN'S FATHER, HER HUSBAND TOMMY CAN CARE FOR THE CHILDREN. HE IS SAYING HE WILLING TO DO THIS. HOWEVER THIS IS NOT GOING TO HAPPEN QUICKLY AND TOMMY NEEDS TO EITHER FIND A JOB THAT FITS IN AROUND THE CHILDREN OR AVRIL WORK FULL TIME TO SUPPORT THE FAMILY. DURING THIS PERIOD OF TRANSITION THE FAMILY WOULD BENEFIT FROM INVOLVEMENT FROM A FAMILY SUPPORT WORKER. I AM CONCERNED THAT IF THERE IS NO MONITORING AND SUPPORT THERE MAYBE NO CHANGE AND THE CHILDREN WOULD BE AT RISK GIVEN THAT AVRIL IS CURRENTLY UNABLE TO COPE WITH THEM. AVRIL ADMITS TO SMACKING THE CHILDREN AND BEING ROUGH WITH THEM WHEN THEY ARE BEING DIFFICULT TO MANAGE AND TOMMY HAS BEEN CLOSE TO PHONING THE POLICE WHEN AURORA HAS PHONED HIM HYSTERICALLY CRYING WHEN HE HAS BEEN IN BELGIUM (BUSINESS). ON THE OCCASIONS THAT THIS HAS HAPPENED AVRIL WOULD NOT DISCUSS THE PROBLEM WITH HIM AND HUNG UP THE PHONE AND WOULD NOT ANSWER HIS CALLS.

Child's needs

AURORA EXPERIENCES PANIC ATTACKS AND NIGHT TERRORS WHERE SHE WAKES UP EXTREMELY UPSET AND DISORIENTATED. PAREN REPORT THAT THE PANIC ATTACKS ARE BECOMING INCREASINGLY FREQUENT AND ARE NOW HAPPENING IN SCHOOL AS WELL AS AT HOME. AVRIL EXPLAINS THAT THEY WERE ONCE JUST ASSOCIATED WITH BED TIME AND THEY DID SUSPECT THAT THEY WERE AN ATTENTION SEEKING BEHAVIOUR. BOTH PARENTS ARE CONCERNED THAT NOW THEY ARE NOT ONLY ASSOCIATED WITH BED TIME AND ARE SEEKING SUPPORT ACCORDINGLY.

CHe8

Child's needs

BOTH CHILDREN RELATE WELL TO BOTH THEIR PARENTS. DURING MY VISIT THE CHILDREN'S FATHER TOMMY WAS TAKING THE LEAD WITH THE CHILDREN AS I WAS TALKING MAINLY WITH THEIR MOTHER AVRIL. TOMMY WORKS AWAY A LOT AND CONSEQUENTLY SPENDS LESS TIME WITH THE CHILDREN THAN AVRIL. THE CHILDREN LOOK FORWARD TO SEEING HIM AND SPENDING TIME WITH HIM. IT IS APPARENT THAT AURORA IS ALIGNING HERSELF WITH HER FATHER.

Copy of Diary entries for Jean Davies and social services by Tom Dobbie 3 weeks before Caroline Harley wrote her report.

10/Oct/2009 Sat 21:00 Head lice Aurora has head lice again. Avril puts conditioner on Aurora's hair and proceeds to comb out lice. Aurora starts crying and tells her it hurts. Avril gets angry with Aurora and continues anyway. The crying increases to screaming. This is so like the bathing and hair combing where up to 5 times a week year in year out Avril has Aurora crying or screaming. I am a wreck every time it happens. Asked if I can help with the usual shouted at reply. She knows Aurora doesn't scream or cry when I do it. Yes, probably Pavlovian, but so what, you can easily make it a good experience. Avril shouts at me with the usual there's no need for interference and that Aurora is being stupid and I am being stupid. I have to leave and go downstairs. If anybody was here visiting she wouldn't do this to Aurora. She normally doesn't let other people see her making Aurora cry but she does it does it in front of Lydia because Lydia is like Aurora's sister now. She never did it in front of our mothers, she always let me do it then. Aurora's screaming and sobbing and pleading are getting worse. Orion is clinging to me with his thumb in his mouth. He gets disturbed by this almost every day. I can't stay downstairs and ask Avril if I can help, as Aurora doesn't cry for him. Well, that went down well, she's deliberately hurting Aurora more now. The face is on Avril. I leave again. So wish someone lived with us. The crying, sobbing and screaming get worse. I try asking again if I can help. Avril's bad face gets worse. I think she'd stab me if I was closer. She doesn't look at me, but continues combing with Aurora screaming. She's assaulted me so many times, I'm surprised she's not leaving Aurora for me, but I think she knows this hurting Aurora gets to me more. Standing near her, I try phoning Caroline so she can hear what Avril's doing. No answer so Avril's not letting up. I ask her to please stop, but no avail. I ask her to stop or I'll video her to show Dr Kingston what she's doing (she lies so much that you need evidence). Nothing changes so I video her. Avril continues well after videoing. I am perplexed what to do. This is what it's like to live with someone who your friends all tell you is mentally ill and she says she's depressed. She's talked about it before with Caroline while drinking. I keep Orion out of the way. He's really distressed. On line help from the health services is worthless. I go upstairs again and see Avril throw Aurora into her bedroom onto the floor and slams the door. Aurora is still screaming and sobbing wildly. Avril goes into bathroom and slams the door shut. I went into Aurora's room and the three of us cuddle before going downstairs to watch a distracting children's film. Around 30 minutes later, Avril shouts and invites Aurora to take part in some work on Aurora's new bed. Aurora and Orion happily spend some time upstairs helping 'mummy' before going peacefully to bed very tired. I can't find help on-line.

11/Oct/2009 Sun 10:19 . Avril leaves Orion to amuse himself – while she's busy washing her face, her hair and doing makeup. Orion throws toys all over unattended room. Avril goes to room, shouts and bawls at Orion and leaves him on his own again crying. Orion left sitting crying while Avril does her hair in another room.

13/Oct/2009 11:45. Relate phoning again and again to see if appointment on or off. Message relayed to Avril by me. I'm available. It's only Avril who has to confirm or reject. Avril refuses to phone back. Eventually caught them and declined - for now. Kate Brown 01606 350 995

14/Oct/2009 Wed 17:00. Earlier in day, Avril had threatened me that my business trip was putting the children at risk from her. I explained again, that I needed to go to get paid from TNO. She told me "Nobody cares about my needs even though I've warned everybody" – "heed my words". I felt really sick driving to Hull for the Ferry to Rotterdam. We desperately needed money and the TNO job was good easy money where I was a consultant on explosives for them. It just needed me to be away for 3 days. I got a phone call from Aurora in hysterics and pulled the car onto the hard shoulder. It was a a major job to calm her down. Do I turn around and go home ? Do I phone someone – who ?

Mummy had hurt her again. She had thrown her from the dinner table and hurt her arm. I asked Aurora if she was safe for now. She said yes. I asked her to pass the phone to mummy. Avril refused to take the phone and talk with me. I asked Aurora if she'd be ok if she stayed quietly in her bedroom. I sat and cried and wanted to be sick. Graham phoned me and I had to take it on a second call after sorting myself out. I asked if he fancied spending a few days babysitting at my house, I'd pay him extortionate money. He hated Avril and wouldn't go for easy money. I daren't tell him what just happened. He witnessed a lot of abuse of Aurora and I think he would go and be very physical if Avril acted up to Aurora. I tried calling other people, Caroline couldn't spend time there. There was no answer from Jean Davies the health worker. I drove on to the Ferry. If Aurora was still ok, I'd continue to TNO rather than lose a lot of money that we didn't have to lose. Park car. Phone back to home. Avril not picking up. Phoned Aurora.. calmer now, but still sobbing. Got passed to Avril .. nothing to talk about she said and hung up. Got on Ferry. Missed a call from Aurora. Phoned again, she's much calmer now. Phoned later – she's sore, but much better; reading in her room now on her own keeping very quiet. I will contact Jean Davies about this when I get back.

16/Oct/2009 Fri 19:30 Avril gave Aurora a heavy spanking/slapping, because Aurora came downstairs while Avril was starting her computer to play games. Aurora was screaming and Avril pushed her into Aurora's bedroom and closed the door. I tried asking Avril to go downstairs, but she refused and kept the door forced closed from the inside. Aurora was screaming for me to phone the police. Things quietened down after about 5 minute of dialogue, but Avril wouldn't let me into Aurora's room. I went to bed and lay listening for any more trouble. Things are still quiet and I feel so sick.

18/Oct/2009 Sun 16:30 . Avril playing with Orion and large cardboard box. Playing 'fallover' next to hard objects. Orion has an awful lot of accidents while playing with Avril, lots of bruises. I tell myself it's because I've been trained in safety lots and she hasn't. I tried talking about it with her but she goes crazy and accuses me of treating her as an idiot. Sure as fate, Orion falls and hurts himself while Avril is engrossed in watching TV. He has hurt his bottom really sore and is very upset and in pain at the base of his spine. I spend a lot of time with Orion over my shoulder, relieving the pain. He cannot walk or sit up, or be supported on his bottom. I broke my coccyx as a teenager and have memories how amazingly painful it was. I discussed with Avril if we should go to the hospital, but she wasn't interested. I kept home over my shoulder 'till bedtime and he was still very sore going to sleep.

18/Oct/2009 Sun 20:30. Aurora having difficulty getting to sleep with Avril in attendance. I'm working downstairs on the computer. I can hear sobbing and wailing. Do I 'interfere' (This is always a complaint from Avril when I won't let her complete her POTRACTED and DISPROPORTIONATE punishments of Aurora and Orion) or shall I wait longer. I went up and offered to get Aurora to sleep leaving Avril to get on with TV/games or whatever. Aurora is behaving quite strange in the top bunk

bed, Avril is on the sofa bed below in the dark Avril has a big gloomy depressed face (she has these very distinct looks on her face when she enters these extremely bad moods). I ask Aurora to get up and come to the other room. She's making gestures about not being able to breath and her eyes are crying. I cuddle her in the double bed and give her my phone with bubblebreaker to get her distracted and calmed. I'm guessing she's having some kind of stress related panic attack. After Aurora falls asleep I go downstairs. Avril is angry at me for being duped. I ask her can she simply try and get them to sleep without conflict. She goes off cursing and muttering.

19/Oct/2009 Mon 07:30 . Aurora highly upset again – same as last night going to bed. Says she cannot walk. Sobbing and shaking and refusing to talk...only croaking. I ask Avril what she wants to do. She said I'm stupid and she's going to work and leaving me with both poorly children. I ask her if that's her priority – I get a dirty look. I stay off my work and look after Orion – not walking, and Aurora – initially not walking and croaking, but weaned over a couple of hours to become 'normal'.

19/Oct/2009 Mon 19:30. Avril walks into the living room and declares ' I don't love you. I'm glad I didn't have sex with you last week' straight out of the blue. Then proceeds to go to the upstairs bedroom. She frequently uses sex as a weapon. The usual is to stick her hands down my trousers and get me interested saying 'stay of work with me please' . She also complains all the time we don't have enough money, so I tell her I'd love to but need to go to work (local University day out and back around tea time). She'd be angry. Then at night she'd stay away from me while the children were sleeping upstairs. She played computer games and watched big brother on TV. Sex in the morning was promised, and no sex at night was the payback. I've been off work all day with the children – Orion was very poorly (sore bottom from fall while playing with Avril – Aurora off school with crying and the shakes Avril made the positive decision not to look after the children and went to work at HMV for an effective take home wage of £20. I looked after the children and gave up work ~ £6k billable invoices overdue, and a quote for £18k – customer desperately waiting ; and we are desperately short of cash in our own bank. Graham keeps saying get rid of her.

20/Oct/2009 Tue 19:00 Aurora panic attack. Trouble breathing. Seems psychosomatic. Phoned Nhs. Breathing trouble = ambulance. Ambulance + child = hospital checkup. Jenny very good with Aurora in the ambulance. Aurora calmed down and recovered quickly away from home.

21/Oct/2009 Wed 08:30 Tommy up first at 06:50 with Orion. We wakened Avril and Aurora up ~ 1 hour later and make them breakfast. Orion is little cook and I am big cook. He likes that. After breakfast, Aurora having an absolute paddy because she was supposed to go to the health centre and have a blood test. Aurora is terrified by anything involving the cutting of her skin. Avril is just shouting and calling Aurora names while getting herself ready. It's one of those extended getting ready with lots of makeup. Aurora and I know this is trouble when she puts lots of makeup on. Avril phones health centre and gets Maggie who checks the notes and there is actually no blood test listed. So nothing to do, and Avril berates Aurora for being stupid.

To Whom It May Concern.

Regarding: Aurora Dobbie, Orion Dobbie, Tom Dobbie and Avril Dobbie.

Introduction.

I am the son of Tom Dobbie. Aurora and Orion are my younger sister and brother. Avril Dobbie is my stepmother.

I was three years old when my father married Avril. I grew up living at their house on most weekends and some holidays.

I stayed full time at the house when Aurora was born and left when she was three to attend college in Plymouth (where my mother then lived).

I stayed full time during January to April 2008.

Over the time that I lived in the house I have suffered abuse from Avril, both physical and mental. Over the later periods when Orion and Aurora were present I witnessed both physical and mental abuse to both of them from their mother. I have also witnessed Avril regularly giving verbal abuse to my father, and on a number of occasions physically attacking him.

Avril's behavior to people outside of the home is completely different to her behavior to people inside the home.

I am willing to testify to all of these matters primarily to help my sister and brother.

Some notes on things that have happened (not exhaustive).

1. As a child, Avril frequently tried to get us all doing things. However, she had a short fuse which frequently turned her into a bully. **Age 4 – 11. Location 38 St Asaph Road.**
2. Avril would get very angry if she lost at a sport or a game. She once threw a chess board across the living room because she kept losing to Tom. **Age 4 – 11 Location 38 St Asaph Road.**
3. Avril argued often with Tom. A lot of times it was about me. She often told me she didn't want me there. **Age 4 – 11 Location 38 St Asaph Road.**
4. Tom had to take me on business trips with him during the holidays because Avril refused to look after me. **Age 4 onwards.**
5. Avril refused to go on summer holidays with all of us. She insisted that she would only go on holiday with Tom if I was not present. On a number of occasions Tom had to drive me to Scotland and leave me with relatives so he could continue working. On some occasions he would book babysitters local to where he needed to visit (England, Wales and Ireland) and check me in and out. **Age 4 onwards.**

6. Avril was quite physical and often started play fights. This usually ended when she would lash out and retaliate over aggressively **All through the times I have known her.**
7. Avril would sometimes try to help me with school work after Tom had asked her to make an effort with me, but often got confused and angry. This would end with shouting abuse at me. **While at primary school.**
8. When Avril did not like a book or graphic novel I was reading she would tear it up or throw it away in front of me. **Age 5-8 yrs. Location 38 St Asaph Road.**
9. Tom would often ask me to try and talk to her in a quiet manner to avoid confrontation. Avril would frequently accuse me of talking back and I would be shouted at with swear words and abuse. **Age 4 onwards.**
10. Over the years, I have witnessed many occasions when Avril would attack Tom physically, generally resulting in him having to run out of the house to avoid further attack or on some occasions he would restrain her from hitting him and try to talk her down. One time she back head butted him and burst his nose. Age 4 onwards.
Head butting incident. **Age 9, Michael Larkin was with me.**
11. When other people were in the house Avril would boast to people about kicking, kneeling and hitting Tom at night while he was asleep because he was snoring. She would go on to laugh about him then having to sleep on the floor. **Age 8 to 12. Location 38 St Asaph Road.**
12. There was an incident when we were driving to Scotland when Avril became upset and threw a cup of just poured boiling hot coffee over Tom's face while he was still driving on the motorway. It was really scary and we ended up stopped on the hard shoulder to calm things down. **Age 12. Location Motorway to Scotland..**
13. There was an incident when Avril started one of her fights with Tom and attacked him viciously with her nails, leaving cuts on his face. Tom's main concern was that he had to go to a board meeting looking like he had been attacked. **Age 8. Location 38 St Asaph Road.**
14. When Aurora was born, it was almost every night that Aurora was crying in the room with Avril. Aurora's crying was often accompanied by bangs and thuds from Avril who could be heard cursing in frustration. When Tom attempted to intervene he would be shouted and cursed at also, usually leading to Aurora crying more. **2006/2007. St Asaph Road.**
15. On one occasion, Avril had an argument with Tom about the best way to do something with Aurora. Avril got really angry, locked Aurora in the car and ran off with the keys. She came back some time later and apologized. **2006 Late summer – nice weather.**
16. I frequently waited in another room in the mornings to avoid the fights between Avril and Aurora. On one occasion, when I did venture out into the hallway, Avril was sitting on top of Aurora holding her down while Aurora crying, screaming and struggling to escape. **Aurora was about 5.**
17. When Avril wanted to brush Aurora's hair she somehow always managed to get Aurora crying lots. On some occasions Tom would successfully negotiate getting the brush from Avril and finishing the hair brushing so that Aurora wouldn't be hurt and stop crying. Avril would often talk about how she resented this. **Aurora 3 onwards. Also witnessed lots by Lydia.**
18. Another time when Avril would become very aggressive was when changing Orion's or Aurora's nappy. This was particularly a problem between Avril and Orion that would usually end up with Orion being spanked while she was changing his nappy. It was generally accepted that Tom would have to change Orion's nappy if it was more than wet. **Orion baby.**
19. Tom would be either verbally or physically attacked when he tried to intervene with Avril mistreating the children. **During my stay in 2008 St Asaph Road.**

20. During my stay in **2008**, Avril apologized to me for her previous behavior. She said she had learned a lot since having her own children. It didn't stop her fighting with Aurora and Orion during that period.
21. I asked my dad on numerous occasions to call the police or report Avril to social services. My dad defended her frequently saying that she needed help, not punishing. **2008.**

Blog.1.

When Orion was younger, he used to be scared of mum, because she like hit him and slap him and stuff like that when he was like naughty, and he was like dead young as well, and you know like, you didn't have to slap him, you could just tap the hand and sit him outside to sit on the step. but she had to slap him and hit him and yell at him and then she would send him outside and he'd wee himself. and like, it got to a certain point, where like 'mum is it not obvious to you that he is gonna pee himself when you put him outside' and she wouldn't even care. she wouldn't listen to you. when she put him outside I'd sit and I'd go I bet he'll pee himself, but because I was scared as well, I didn't want to go 'mum, you're just going to make him pee himself', so I kinda said it in a friendly way, but, you know, you needed to, or she'd go mad and slap me.

Blog2.

ok, so a quick little thing, that when mum used to change Orion's nappy she used to like panic like "oh I need to pinch his nappy or he'll pee everywhere", so she used to slap him and hit him lots and stuff. and you'd sit there like 'why is she slapping a 9 month old baby? what! she's a mummy! so, she used to like shout at him and send him out in the hall and stuff like that and he'd pee himself 'cos he was super scared, like when she shouted at him so she was changing his nappy she'd shout at him and slap and hit him and stuff like that. whenever she got really annoyed she'd send him outside to the hall way where he'd sit for like quite a while with no one going out to talk to him and like he'd sit there and he wasn't allowed to have contact with any of us and like she'd go out, she'd open the door and there'd be a big wet patch and it got to a point where he knew it was gonna happen and she literally wanted it to happen. she just did it. and I'm like 'mum he's gonna pee himself, what's the point? and then your just gonna go like completely aghhh! (Aurora indicates angry noises).

Blog3.

Hi, i'm doing a blog because i thought i may as well talk to an inanimate object since people think I cannot talk to people. ok, so the first thing I want to say that people haven't listened to me about is like when I was little, when my brother was little, he was abused like. when, there was one time when mum was spanking him, and he was like in his room, and ehm, she wasn't letting us in, me and dad, me and dad were trying to push in, and like you know when you laugh when you've got nerves, i was really laughing 'cos i had nerves, and em I was nervous and she (mum) was swearing at us saying "Fuck Off!" and stuff like that. you could hear her spanking Orion, and he was trying to get out, (subdued) i didn't like that..

second thing is about when mum used to do my hair, she'd like pull on my hair, 'n cos i had really frizzy hair when i was younger it was a bit like an afro, it was a bit tuggy so she'd pull my hair and it'd get caught in some curls and she wouldn't like stop and try and pull the comb out, she'd just carry on and it would make me cry. it was really sore. there was also about she had a boyfriend called Ken. he'd look at magazines and stuff, and if you know about the sun, it has page 3, people call it that, but if you don't know what it's like, it's got pictures of women and they are naked, they've got their underpants on, but they don't have a bra on and he would look at

Transcription Of Aurora Blogs.txt

that , and i was in the dining room doing some homework and i looked out the window and he was under the canopy looking at it, and mum walked out into the garden and all of a sudden he flicked the page as if he hadn't been looking at page 3, as if he'd been looking at sports.

like when dad was kicked out of our house , em, no not our house, his house , em, it was the police and mum who did it, because mum told loads of lies and stuff and said (Aurora mimics high frequency woman's voice) "he beat me ! he beat me ! " well, (pauses) no, it should be "She beat me ! She beat me !". (laughs) ..'I'm like Pingu' (then sings a little of Pingu song). anyway.. he (dad) was thrown out of the house 'cos the police like believed mum and she lied about him (dad) beating her and beating us and stuff like that. when she told the police that there was a big golf ball bruise golf ball lump thingy whatever on her head, the police said yeah oh there is, but when she went to court the next day she was absolutely fine. absolutely fine. there was no big golf ball on her head,cannot make out it was the police who threw dad out because mum told lies .

Blog5.

on the night that Orion was assaulted, I woke up, and Orion was screaming...I was woken up by Orion screaming, and then I heard mum squeal and dad groan, so I went through thinking 'what is going on here?' i walked through and Orion was screaming 'mummy I want a drink!' and dad walked out of the room, and i was like ' what just happened? ' ..so I went over to mum and had a little cry and she said it wasn't important to just go back to bed and i went back to bed then I went downstairs .. well i went to sleep for a couple of minutes, well i don't know for how long because i didn't have the time or a clock near me ..so i went downstairs to see if dad was downstairs or if he'd like left - like whhh ... so dad was downstairs and I went to cuddle with him. so i was sitting with him and he was looking on a computer laptop at domestic violence advice . then I started crying. "don't daddy ! please don't get divorced , please don't break up" so, I went upstairs again, because i couldn't be bothered crying, I couldn't be bothered doing anything I just wanted to sleep. so in the morning i went downstairs and Orion was on the couch still asleep and dad was on the floor dozing, and mum had no injuries on her whatsoever, from the previous night, so no one looked that harmed at all. no one had been hurt. so i don't know why mum squealed, 'cos no one pinched her and I don't know why dad groaned 'cos he didn't look hurt , but you know, they could have been internally hurt, i don't know . so we didn't speak. me and mum stood there like 'awkward !!' and those two lay on the floor and the couch. that was how it happened.

Blog6.

When my mum and dad split up, the police said it was a big golf ball that was on mummy's head and that dad had beat her and made that golf ball. but there was no golf ball the next day when she went to court.

Note. Mum had told Aurora she had gone to court to tell about dad beating her.

Blog7.

When my mum and dad split up, the police said that mum had a big golf ball on her head because dad had beat her up. and that's just 'cos everybody thinks women are dead nice and everything and men are dead 'rrrrr'. and when they split up the police said dad was a bad man and he beat her up and stuff, but he never. when I was in the fridge and pulled the jam jar out onto my foot, and dad came running to me and mum went running to the mess (Aurora now goes on and mimics a housewife in a high pitched voice) "oh my god the mess ! I don't care about my daughter if she's bleeding to death". and when dad was kicked out of the house , his own house !, the police did that and they said that mum like because she's been beaten with the whole egg on her head thingso like dad was kicked out the house 'cos the police said that he'd beat mum and then mum lied even more.

Blog8.

I just wanna say a little thing. when dad was kicked out the house, it was the police that did it. it wasn't like .. I

Transcription Of Aurora Blogs.txt

dunno ..it wasn't like his choice to be thrown outmumbles.... the police lied and said he'd beat my mum and stuff and he didn't . dad, dad was really innocent, and people put him in jail and stuff like that.

Blog9.

I think I might name this one like 'why am I not listened to?' .. are people deaf or something, but the thing is like me and Orion we used to see dad, we do now because what happened was like after my mum and dad split up, dad was accused (by police) of abusing me and Orion , so he was moved awaymumbles and me and Orion were living with mum. so, when we were with dad, we only saw him once every fortnight, like once in two weeks..once ...once...in two weeks . anyway, i used to feel dead sick when I was going home. oh god I didn't like it because I felt so sick and everything. so, i felt sick every time I was leaving because I missed my daddy so much . didn't ever want to live at mum's . God's sake, the bitch Andrea Blears.

Blog10.

I remember one time when I was having a birthday party (at dad's) and mum didn't let - I was like, I was dead excited "ah yeah mummy I'll be at dad's and we're gonna invite lots of people 'round" and right in front of me, she was stood in front of me , and she phoned each one of my friends up, and cancelled it. She is a bitch.

Blog11.

Hi, I'm doing this blog because I have been forced to do it because police have not listened to me, social services have not listened to me, so I'm guessing maybe an inanimate object will listen to me - so, a phone. Basically this whole big fight it started with a big fight between dad and mum, my dad and mum. Orion wanted a drink of juice, 'a drink of juice !' "A DRINK OF JUICE", and like mum wouldn't let him. So basically what dad did - I could hear it, I saw the last minutes of it - i woke up hearing Orion crying and mum screamed and dad was groaning in pain and there was a big argument, and I was like 'oh my god what is happening?' my ears were turned off, but I definitely heard them fighting. I walked in, and Orion was being held back in mum's bed by her and she wasn't letting him go. and i was like 'oh my god, just let(him go)....well i didn't actually say this (out loud) , i think now 'oh my god, why didn't you let him go ? ' to have a drink, it's a bloody drink ! ..so...yeh.. so...

after this big separation, i don't like to say the word, there was like a lot of other things, and this is basically the things that people have not listened to me about (Aurora is saying she is telling, but it is being ignored). first of all, ...what shall i start withi know, before this all happened, Orion used to get abused by mum, there was a time when he was in his room, mum was in with him, ...and ..ehm..like the door was closed, and we...me and dad..were standing outside mum was just telling us to fuck off and she was slapping Orion..and it wasn't very nice ...NOT NICE !....so....that's that....there were also times when Orion might be doing homework, reading, playing...he does it wrong, mum slaps him he goes outside into the corner , he's all alone, he's crying, he pees himself, mum gets angrier puts him in his roomshe'd slap him and stuff and he's pee himself ...and it was like really not nice...and there was another time when it happened to me....mum slapped me and I had a really big(mark)..

Blog12.

I just wanted to say about when Ken moved in'nd when he moved in mum did not like him, none of us did, mum told me to stay away from him, she'd close the blinds and stuff like that.

Blog13

yeh, he'd (Ken Redman) come through the panels in the fence (wooden panel fence at the back of the house between the back gardens where Ken had seclusion to shout at Aurora and meet in secret with Avril) and he'd shout at me and stuff, and it was like dead mean and stuff, and there was like one time when I was having a nightmare, and he came through and shouted at me and i was having a nightmare and crying for mum , but she was talking to Ken on the phone, so she didn't bother coming through and helping me . so i screamed 'cos

Transcription Of Aurora Blogs.txt

i was having a really scary nightmare...and em...she was just likeKen came through the fence , and he's like "what the hell do you think you're doing ? " , like "why are you shouting ? your bloody going to wake up all the neighbours !"and I was like ..."really ? i'm going to waken up the neighbours ? what about you ...bloddy ...bloddy... (exhasperated sounds). .

Blog14

When Ken first came to live next door to us ...mumbles ...mum told me that he was a pervert ..and em ...and i also thought he was a bit strange as well, so mum said that you should close the blinds ..mumbles ..em..so when ..eh..so when he arrived the blind was shut 'cos mum said so ..and em ..yeh, so Ken arrived, mum told me he was a pervert ..i also thought he was a pervert so mum closed the blinds so he couldn't look through because he was looking through the window .. and also .. em.. before that happened, i used to tell mum i bet he's moved here i bet he's moved off his street because people didn't like him and thought he was weird, so he's moved here instead ..em..so also when he got together with mum ...i was saying "oh my god! why are you having an affair mummy? " , because dad and her weren't divorced yet ...and she'd like "it's not an affair, we are divorced" and then like dad was ..em.. "I'm single again" ...like not really , because he wasn't really single..em..(various mumbles and messing around) ... so, anyway like he'd (Ken) come in through the back gate , no not the gate, the fence (there is no gate, only a complete fence seperating the back gardens) ..and there was like a panel and he'd push the panel to make a box and he'd come through in the night'n stuff like that...and he'd like sit there and like he'd talk to mum through a panel in the fence ! ...em...there was one night as well when he made mum, and my mum's friend smoke. He got them drunk and got them smoking ..and they deny that they ever did that, but me and my friend (Mya) were watching ...oh my god ...so we went in and made Kimchi (Noodles) and just ran up to my room and locked ourselves in, we didn't really lock ourselves in, but just went in and tried to stay out of the way..

Blog15

First of all I was doing Ken because like he was like a big part of it all, and like everyone (mum and her friends) said he was a nice guy, but I did not like him ...and like people ..like my guardians said 'oh yeh, he's a nice man' and stuff like that ..but i said I didn'tand like they were my guardians ...so... i felt a bit weird about that...

Blog 16

i just want to say that my friend, she hasn't really spoken to anyone, but i think she wants to, so i'm just going to say it for her. when i had my friends over, when I had my friend over, we went to go and knock for this other person I knew. so we were out, and my friend was being a bit mean to this other girl, so she wrote a letter and gave it to this other girl - posted it, and i was like 'oh my god ! what have you done ? so i scooted off down the road as if i wasn't doing anything ...get on your bikes and scooter and just run..em... but you know, running away is not always a solution ..so..i was just running away on my scooter and they two just walked with their bikes.. mumbles .. so em ..so, they were walking with their bikes down the road and the mum came out (Sarah, mum of Mya who the girls had just posted an abusive letter to)..and she went "you think that's funny do you ?". so we went and hid ..em.. i was just cycling and could just see themmumbles ...i imagined them behind me and the mum (Sarah) out on the road yelling. so i like cycled round into the corner and just started running when i heard her voice ...so they (Grace and Rebecca - Aurora's friends) ran round the corner and followed after me ...bad thing though ! it was a cul-de-sac . we were stuck, we were scared , because if we went out...like what happens..if you exit that street , the street ahead opposite the exit entrance , both, ...there is my friends house (Grace). so, the one that we knocked for (Grace) ..and her mum was outside and had gone to my house , and her step dad was outside yelling at her (Grace) to get back inside . So we ran and hid by the duck pond, and then mum phoned me and started yelling down the phone at me to get back to the house now !....and I'm like "but i'm not doing it because you sound like your going to kill me" . So i just left and hung up on her and phoned dad, crying , "please help us " ..mumbles .. so, i was like "please help please help

Transcription Of Aurora Blogs.txt

we are scared" and so mum phoned yet again and I just hung it up , i just didn't answer , i didn't pick up, i didn't hang up i just left it....so we hid in a bush and waited 'till dad came....and i was like 'dad's here !' ..and so the two girls that i had with me came out ...and they were like 'oh thank god for that !' ..he's here, saviour . So em...we were telling dad please help us, mum's gonna smack my bum and ground me and ..mumbles ...so then dad walked down the road with usand what ! Ken was there, what ! 5 seconds .1/2 minute1 minute had gone by ..i dunno..and Ken was already there ! ...it's like 'tsch' you're there, you see your friend, turn around and there gone ! like that, literally except the opposite way (meaning he suddenly appeared rather than disappeared).... and I'm like 'wow ! he's appeared out of magic' ...and we're walking along, like we are going to apologise now ..when he (Ken) started photographing us ..he had his camera secretly behind the wheel going 'type, type, type.... Becky said "Do you see what he's doing ?" ... like what is he doing ? the guy in the car "I see what he's doing". "Don't look at him". 'like that's going to help !! so then he (Ken) was like photographing ..

Blog 17- continuation of 16.

After we'd gone and apologised to these people, Ken was still in his car waiting outside the street house, our house, the house ...so..i was 'oh my god, what is he doing here?' so then mum was there , she was like (sarcastically) ' i wasn't going to smack your bum, and ground you, and not let you see Grace' totally faking it(mocks mum in high pitch voice) 'nooo i'm not going to do that' ...like as if she was gonna it was totally obvious she was going to do it , because all the other people were there she said that... like as if that's gonna get her out of any trouble ... mumbles ...anyway...Ken was still there, and he started yelling at me , and i was crying again and....you know, mum just walked straight past me, straight past him, straight into the house....and went (mockingly caring) "oh Aurora, come in the house dear" ..and Ken was sitting in his car yelling at me ! ... and it was ..mumbles .. mutters.. you could've like strangled him with my fists - obviously, that's how you strangle people - ...em...so i ran down the road (to dad's house) and later Grace came and knocked ...she said 'oh my god, i'm sorry, i didn't do it, i didn't like itso yeah...that's what happensand i slep over at dad's that night ...

16. Aurora and I went on to talk about where she feels safe. Aurora said "Being at Dad's" made her feel safe. I asked if there was anywhere she did not feel safe. Aurora said "Being at Avril's, Mum's". I asked Aurora whether she called her Mum Avril. Aurora said "I just don't want her to be my Mum because I don't want Ken to be my Step-Dad. If Avril said that Ken was going to be my Step-Dad I'd get a kitchen knife and slit my throat, kill myself. Or I'd pack up my and Orion's things and run away to Dad's house".

17. I asked Aurora if there was a big decision that the Judge could make for her. Aurora said "I want to live at Dad's because he's a much better parent. Loads of people have said he's the bad one but he's the best". I asked Aurora who had said that he Dad was "the bad one". Aurora said "Dad. But I'm not sure I'm supposed to tell you that. But I know because I was with Mum and Mum told me, she told everyone at school that Dad was mean and that this young boy and girl needed to be saved". I asked if that meant her and her brother. Aurora nodded. I asked her if there was anything else she wanted to tell me. Aurora shook her head. I asked if she wanted any contact with her Mum. Aurora said "I do. But I want to see her when she has improved her behaviour and when she's not lying and without Ken". I asked if there was anything else she wanted to say. She replied, "Just so you know Orion lies sometimes. So he might give the wrong answers". I asked if she felt there were right answers to my questions and she nodded. I asked who she felt would know what the right answers were and she shrugged. I asked if she did see her Mum where would it be. Aurora said "Dad said I could see her in a park and I want someone to be there in case she tries to take me back home". I asked who that would be and she said "Dad, I don't know, someone, the childminder, no, not the childminder, Dad". I asked if there was anything else she felt I needed to know. Aurora said "there is but I'm not sure I'm supposed to tell you. Mum will never marry Ken. Daddy and Mummy are cousins. I don't think they'll get married because Ken and Daddy don't want to be related". She went on to say "Every time Mum hit me, Dad was very defensive of me and Orion. One time when Mum was giving Orion a punishment she was stopping Dad getting in and she told me to F off. One time she held me to the floor and spat in my face. It's like she's got a mental problem". I asked who thought that her Mother had a mental problem to which Aurora responded "me".

Case Number: EQ12C00115

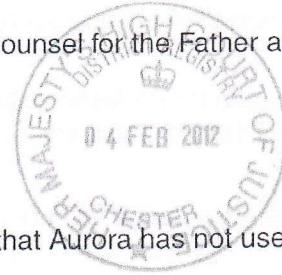

**Order
Children Act 1989**

The full name(s) of the children	Boy or Girl	Date(s) of Birth
Aurora Nisha Dobbie	Girl	11th June 2001
Orion Nova Dobbie	Boy	20th October 2006

UPON HEARING Counsel for the Local Authority, Counsel for the Mother, Counsel for the Father and the Solicitor for the child.

AND UPON IT BEING RECORDED THAT

1. Father attended Court today with a DVD of Aurora's Blog. Father asserts that Aurora has not used her Blog since unsupervised contact with her has been re-instated this year.
 2. Father continues to make inappropriate postings on face book but assured the Court today that he would deactivate the account forthwith.
 3. The Court warned Father about the consequences of continuing to breach the injunction order made the 5th of November 2012.
 4. The Local Authority intends to monitor the situation and take appropriate enforcement action if Father continues to breach the injunction order.
- Father does not pursue a fact finding hearing in the light of the following:
- (i) By Mother's own admission she has struggled in the past (2009) to cope with the children and admits shouting and screaming and on one occasion smacking Aurora.
 - (ii) Mother accepts that in hindsight that a) the children were not ready to be introduced to Ken Redman and they resented his over-familiar manner initially and b) Aurora overheard a conversation between Mother and Mr. Redman where Mr. Redman was heard to with reference to Father that "it's baseball bat time".
 - (iii) Mother accepts that there was an incident in November 2011 when a child age 9 visited the family home while the children were in Mother's care and the child behaved in a sexually inappropriate way.
6. Mother and Father indicated that they did not want to call any witnesses other than Helen Jones (Social Worker) and the Guardian.
 7. Contact between the Father and the children will be continuously reviewed and is proposed at 1x weekly between 8am-6pm and unsupervised.
