Dear Mr Dobbie

Thank you for your recent letter.

From your letter I understand that your complaint is about the following:

1. That children's services staff have been unprofessional in dealing with your children.
2. Interacted unprofessionally with yourself.
3. They have been professionally negligent.
4. They have criminally harassed you.
5. They have emotionally assaulted Aurora.
6. They have emotionally assaulted you and damaged your health.
7. They have damaged your property and the children's financial security.
8. They have covered up Mrs Dobbie's violent behaviour.
9. Have led a campaign costing £500,000 that portrays "dad is bad, mum is good".

In order for a complaint to be investigated, it needs to be supported by evidence-based facts rather than a matter of personal view and opinion. Therefore we cannot progress the complaint as it currently stands. 

Further I understand you have made complaints about the following:

1. Members of staff have perjured the court
2. Provided false evidence in order to hide parties' alleged abusive behaviour.
3. That personnel have negligently served imprisonment documents on you.
4. That staff have written prejudiced interpretations of reports by Dr Alwin.
5. That staff have created a perverted report by Professor Billington, by stopping what he deemed essential.
6. That staff have perjured in the high courts of Liverpool and Chester.

These complaints are court related and therefore if you wish to pursue a complaint in relation to the above 6 points then you must direct them to His Honour Judge Barnet as it is not within the jurisdiction of the Local Authority.

Yours sincerely

**JUDITH GRIFFITH  
TEAM MANAGER**
